

\$3,005 PAY ROLL IS SEIZED BY 'BLACKFACE' BANDIT; ROBBER CAPTURED AFTER SHOOTING TWO PURSUERS

Georgia Rivers Out of Banks as Storm Continues

RIISING WATERS AND HARD RAIN DESTROY CROPS

Roads Impassable; Many
Creeks Spreading Out
Over Lowlands; Power
Lines Snapped by Gale.

RAILWAY TRACKS BEING MENACED

Florida Area Is Facing
High Water Danger as
Dam Is Threatened by
Continued Downpours.

Macon, Ga., August 14.—(AP)—Walnut Creek started on another rampage late tonight and this time threatened the Central of Georgia railway bridge at that point. The structure, which is used for Savannah and Athens division trains and also by the Georgia railroad, was closed to traffic before midnight.

Macon, Ga., Aug. 14.—(AP)—Accompanied by intermittent winds, which reached an estimated velocity of 30 miles an hour at Thomasville, where trees were uprooted and telephone communication was interrupted, heavy rains continued to fall over south Georgia tonight, with little prospect of cessation before morning. Many rivers are out of banks.

Despite the fact that roads were said to be practically impassable, some tourists reached Quitman to report narrow escapes from falling trees and treacherous washouts. Heavy gales lashed Quitman through the day, and with the storm raging at noon a high tension wire fell across the toll line, setting fire to the building. The blaze was extinguished by employees.

Highways Flooded.
Streams which had already overflowed their banks tonight menaced bridges and railroads, and had already submerged many highways, making them practically impassable.

Both the Withlacoochee river, just north of Valdosta, and the Apalachicola river, a short distance south of that city, were reported out of their banks and spreading over wide territories, though there was thought to be no danger to the city. The Little river, in the same section, was said to be running high.

Rivers Rise Higher.
While the rain continued to fall, the water from Friday's storm was pouring south into the Ocmulgee, Ocmulgee, Altamaha and Flint rivers, all of which were already reported to be higher than they have been in years.

A sharp rise was expected in the Ocmulgee river here in the morning, as the result of heavy rains which fell in the watershed above Macon, which from reports from railroads seemed to be the storm center tonight. The rain fall here measured 1.26 inches up to 8 o'clock, and as the night advanced the wind increased in velocity, and the downpour increased.

Repairs just completed between Griswold and Lewiston on the Savannah division of the Central of Georgia

Hoover's Aids Are Quizzed On Dry Issue

Mrs. J. E. Andrews Questions
W. C. T. U. Leaders
on Candidate's Plans.

Approximately 200 men and women, members of the fifth district organization of the W. C. T. U. met Tuesday afternoon at Wesley Memorial assembly hall for the purpose of hearing plans for Herbert Hoover for president, and remained to hear questions asked as to the fitness of the candidate for the office he seeks.

The chief questioner was Mrs. J. E. Andrews, president of the Atlanta Civic Council for Women, and state chairman of the national dry law enforcement organization.

"If Hoover should win with the aid of the dry forces of the south would Mellon and Vane, heads of the notorious Pennsylvania political machine, exercise the same influence over him as they did over Coolidge?" she asked.

And then she queried:
"Admitting Governor Smith's position on the dry law, and his desire for a change, do you not know that the republican leaders have violated the constitution and the eighteenth amendment by their wholesale and notorious failure to make any attempt to enforce it?"

Mrs. Andrews followed up these questions by making her position

TOOMBS ACCUSED IN SALE OF FORGED INSURANCE SHARES

Obtained \$500,000 for
Worthless Stock in
International, Missouri
Examiners Charge.

St. Louis, August 14.—(AP)—The Post-Dispatch said today one of the prosecuting officials investigating a \$3,652,000 shortage of International Life Insurance company declared the inquiry had developed that President Roy C. Toombs borrowed approximately \$500,000 in New York on an alleged fraudulent certificate for 10,000 shares of International stock.

The prosecutors question W. G. Darst, secretary of the company, who stated, the newspaper said, that the stock certificate had been issued at the instance of Toombs, who told him it would be taken up as soon as it had served its purpose.

Denies Signing.
The certificate bears the names of Darst and T. J. McReynolds, vice president. The latter denied he had signed it. A report that other certificates for 3,500 shares of non-existent stock had been issued is under investigation.

Pending arrival of Toombs from Chicago, Circuit Attorney Howard Sidener, Attorney General Stratton Shartel, of Missouri, and two assistants of the Illinois attorney general continued questioning subordinate officials.

All Blame Toombs.
Those questioned so far have blamed Toombs for the shortage, which was discovered by examiners representing the insurance departments of nine states.

Toombs remained in Chicago although Sidener had expected him to surrender here yesterday and give bond to answer any charge that might be preferred. Charles M. Howell, of Kansas City, one of Toombs' attorneys.

SMITH DEMANDS 'YES' OR 'NO' REPLY

Governor Wants "Yes" or
"No" From Pastor on
Challenge To Discuss
Topic From Pulpit.

Albany, N. Y., August 14.—(AP)—Governor Smith today all but put his proposed debate with Dr. John Roach Straton, of New York, in the class of expected events that never materialize.

In a terse letter to the clergyman, the democratic presidential nominee renewed his demand that they meet face to face in Calvary Baptist church, where Dr. Straton recently declared that the governor was the "deadliest foe" of the forces of moral progress in America. Smith insisted on a "yes" or "no" answer and clearly indicated he would not consider the minister's counter suggestion.

Tampa Cigar Plants Close Due to Rains

Too Much Moisture Causes
Blends To Become Damp,
Says Magnate.

Tampa, Fla., August 14.—(AP)—Tampa's sturdy cigar industry gave up an unequal fight today against the longest stretch of unfavorable weather the oldest oldtimer could recall, and shut down.

A leading manufacturer estimated that continued high humidity of the last eleven days would set the Tampa industry back 10,000,000 cigars, the best that can be expected from the present outlook.

Only a few factories attempted to work at anything like normal rate today, and they were ones that had tobacco to blend, but too much is dangerous. Moreover tobacco absorbs moisture so readily that by the time it reaches the cigar makers' tables it becomes too damp.

It was estimated that fully 10,000 cigar makers were on a holiday and clubs of Ybor City and West Tampa were unable to produce cigars. Factory heads were unable to predict how long the shutdown would last, but most were of the opinion that it would continue the whole week.

NEGRO INDICTED IN \$1.19 SLAYING

Negro Who Confessed to
Killing Teacher Arraigned
10 Minutes After In-
dictment.

Chicago, August 14.—(AP)—David Shanks, illiterate negro bootblack, who police said confessed slaying Miss Jennie M. Constance, Peoria educator, today was arraigned, bound over to the grand jury and indicted within the space of a few hours.

Prosecutors said every effort would be made to set an early date for his trial and that they would demand his electrocution.

Shanks was arrested last night by Evanston police after they had traced a wrist watch which belonged to the victim. The bootblack readily confessed the slaying, police said.

The prisoner was kept under heavy guard last night. Today, before a crowd of 300 persons, he calmly and dispassionately reacted the killing at the scene.

Just 10 minutes later Shanks was

CONFERENCE HELD ON DEPOT PLANS

Engineers Representing
N., C. & St. L. Fail To
Present Details Needed
by Service Commission.

Engineers representing the Nashville, Chattanooga, and St. Louis railroad and J. Houston Johnston, engineer of the Georgia Public Service commission, held a conference Tuesday to discuss plans for erection of a new Union station in Atlanta but were unable to reach a definite agreement on plans, it was announced by the commission.

Mr. Johnston and the railroad company's engineers will hold another conference in a short time. It was stated that the plans submitted by the railroad did not carry the details needed by the commission in a consideration of the proposal.

The commission, it was learned, will insist on providing plans of its own for adoption at an early date unless

Ship To Tell Tragic Voyage Story Today

Saga of Sea Disaster Will Be
Made Known When Storm-
Crippled Vessel Docks.

Boston, August 14.—(AP)—The tale of a sea tragedy in which a number of lives were lost will be told when the Boston steamer William A. McKenney limps into Balboa next Monday, battered by a tropical typhoon and with her wireless aerial blown away. A fragmentary version of the vessel's plight reached the owners here today by way of vessels which passed the McKenney after the storm and spoke to her by means of flag signals.

The vessel, laden with lumber from Pacific coast ports, left Los Angeles August 4 for Boston via the Panama canal. Four days later off the western coast of Mexico she encountered a typhoon, during which she was swept by mountainous seas. Part of her deck load was carried away with several members of the crew, but the vessel was able to proceed slowly toward Panama.

A representative of the Mystic Steamship company, owner of the McKenney, left here tonight for the Canal zone to make a survey of the ship when it arrives at Balboa. The McKenney is commanded by Captain J. E. Rose, of Newport News, Va. The vessel was built at Newport News in 1916.

NEGRO WHO OWNS MONEY WOUNDED

Robber Surrenders After
Two Policemen Join in
Chase and Overhaul
Auto; Money Recovered.

Cope Thornton, veteran negro employee of the Georgia railroad, was held up, shot and robbed of \$3,005.66 at the company's roundhouse on East Atlanta avenue early Tuesday afternoon by A. D. Presley, 20, of Route 9, another employee of the railroad, who was captured and the stolen loot recovered after a chase in which the bandit wounded one of his pursuers.

According to stories told the police, Thornton, following his usual custom, had obtained the money from his bank in order to cash checks for workmen, charging a small sum for the accommodation.

He was waiting in the roundhouse for his customers when the youthful bandit, with his face blackened to serve as a disguise, appeared on the scene and demanded the cash. When the negro refused to turn over the money, Presley fired one shot which struck his victim in the left shoulder, snatched up the satchel containing the money, and jumped into a dilapidated roadster.

Hill Is Wounded.
J. L. Hill, 42, of 2015 Robson place, a railroad mechanic, was one of the first to join in the chase. Commanding a passing auto, driven by John Straton, a negro, he soon came within range of Presley's car. In a gun battle that followed Hill was shot in the left arm but refused to abandon the pursuit.

Police Officers G. M. Haley and D. T. Barge, who had parked their car in front of a store on Wiley street, heard someone yell "catch that man" and they immediately joined in the chase. Within a few minutes the officers and the small posse following Hill's car, overhauled the bandit's machine in an alley running off Whiteford avenue near Fair street.

Realizing that he had no chance against the force arrayed against him, Presley surrendered without any attempt to use the gun with which he had wounded Thornton and Hill.

Within three hours after his capture, Presley had been arraigned before Recorder Murphy M. Holloway, and bound over to the Fulton county grand jury under bonds totaling \$30,000, charges against him being

COOLIDGE TO VISIT AT WAUSAU TODAY

Superior, Wis., August 14.—(AP)—Scheduled to address the Wisconsin state convention of the American Legion at Wausau tomorrow morning, an overnight rail trip from the summer white house confronted President Coolidge tonight.

Accompanied by Mrs. Coolidge and his son, John, the chief executive had arranged to stay in Wausau only two hours, leaving again immediately after his speech to be back at Cedar Island lodge in time for dinner tomorrow evening.

Before the hour set for leaving Superior Mr. Coolidge found time today to congratulate Secretary Hoover upon his speech of acceptance last Saturday, and also to approve the report of the Mississippi flood control board recommending that the flood control project prepared last December by Major General Edgar Jadwin, chief of army engineers, be carried out without alterations.

To Mr. Hoover President Coolidge telegraphed: "Your speech of acceptance ranks very high in political discussion. I

congratulate you upon it and upon the reception which has been given to it by the country."

AIDS OF HOOVER QUIZZED ON LIQUOR

Continued from First Page.

clear. She stated that she was a prohibitionist at heart and deeply interested in the cause, that she was a loyal member of the W. C. T. U., but that she also was a democrat and intended to stick to her party.

"Some time ago," she said, "I received a letter from Mrs. Henry W. Peabody, of Beverly, Mass., who is national chairman of the movement for dry law enforcement which I represent in Georgia as chairman. She told me that she had written to Mr. Hoover asking him certain questions in regard to his attitude towards law enforcement. She said she had received a wholly unsatisfactory answer from him, the gist of which was that he would carry out the policy of President Coolidge. She said that she could not support him. Later she wrote me that she had decided that she was a republican, and confronted by a choice between Smith or Hoover, that she would vote for the choice of her party.

She is voting as a member of her party," Mrs. Andrews concluded. "So am I. We are standing between the

devil and the deep blue sea, and I am going to remain a democrat."

Supporters of Hoover at once replied to Mrs. Andrews' questions.

Rev. Marvin Williams, pastor of Wesley Memorial church, spoke of the democratic and republican records of prohibition.

Secretary Mellon has sent some 500 men, many of them wealthy, to the Atlanta federal pen," he said. "He has broken up ruin row. And so far as I know Mr. Smith never put anybody in the pen for liquor violations."

Former Congressman William D. Upshaw, who is running against Congressman Leslie Steele, the man who defeated him two years ago, stated that he did not believe Mellon would be retained in office under a new administration. "Knowing Mr. Hoover as I do," he said, "I do not believe that he would put in charge of the dry enforcement officials of the country any ex-distiller or a man with a record similar to that of Mellon. Even at that Mellon would be better than John Raskob."

Mr. Upshaw also answered a question as to Hoover's order ending segregation in office while he was secretary of commerce and labor. "The facts in the case have been garbled," he said. "What happened was that a number of negro students had been given a place in the department and were assigned to make a study of negro statistics. They were put together because that was considered more convenient and satisfactory. Some one made a complaint and the president asked Mr. Hoover to change his arrangements. The secretary merely obeyed orders."

At the conclusion of the meeting cards were passed around for those present to sign, pledging their aid in the coming campaign to Hoover. They were turned over to Mrs. O. L. Taylor, president of the fifth district W. C. T. U.

The opening address of the meeting was made by Mrs. Marvin Williams, a delegate to the Houston convention. She recited the various national incidents leading up to the nomination of Al Smith in the Texas city. She said that despite the fact that her interests had poured out vast sums, that they could not take Smith's championship of prohibition changes popular and that he relied upon convention machinery for success and did not go before the people for popular endorsement.

The second principal address was made by Mr. Upshaw, who paid tribute to Hoover and highly praised the work done by Mrs. Williams in Houston for the cause of prohibition. At the close of the formal program a basket, filled with beautiful flowers, was presented to Mrs. Williams by Mrs. T. O. Hathcock with the love of the members of the fifth district.

Mrs. N. C. McPherson, president of the Fulton county W. C. T. U., presided. A musical program was offered.

RIVERS IN GEORGIA STEADILY RISING

Continued from First Page.

railway were washed out again by the rising Oconee river.

Bridges May Stay Closed.

Fear has been expressed that tonight's rain might make it impossible for two bridges south of here, which were washed out some days ago, to be opened by Wednesday as promised by the state highway department and the county engineer. As the result of the washout, tourists bound for Athens, Savannah, and Augusta have been marooned here.

While no accurate estimate of crop damage has been possible, it is thought that the cotton, corn, tobacco, and hay crops have suffered heavily from the gale.

FLOODS AND MOSQUITOES MENACE OKEECHOBEE.

Okeechobee, Fla., August 14.—(AP)—A new menace—hard rains and millions of mosquitoes—was added to misery of residents in this already flood-stricken section tonight.

Just after the sun had broken through overcast skies for a while today—the first time in almost a week—the heavens opened up with another deluge that not only made living conditions all the more disagreeable, but increased the danger of more extensive flooding from the Kissimmee river and smaller streams that have inundated hundreds of acres of fertile farm land along the northern shore of Lake Okeechobee.

Pests Deal Misery.

The mosquitoes, blown in from the swampy everglades country, were so thick tonight that they made life miserable for those who ventured out of doors. Old time residents said they seldom had seen such numbers of the pests in this section, even during the raining seasons.

Communications with the greater part of the flooded, lying to the north and west of Okeechobee, still was entirely cut off tonight, except for an occasional message brought here by

Lake Now at 17 Feet.

Florida Editor Says

Miami, Fla., August 14.—(United News.)—Serious flood threats menaced the Lake Okeechobee district tonight, according to advices received here.

William Griffith, editor of the Okeechobee News, told the United News correspondent at Miami that conditions in the lake district approach those of September, 1926, when many lives were lost.

Griffith scouted reports by State Engineer Elliott that the Okeechobee was at a 14.06-foot level. The lake is now fraction less than 17 feet, Griffith said, and rising steadily.

boatsmen from the isolated districts. Only one highway remained open between Okeechobee and the outside world and that was constantly threatened by lapsing flood waters.

With heavy rain here, it was thought that conditions might become even worse and the heavy precipitation that has fallen in sections north of the lake has been one of the factors through the many streams that empty into the huge reservoir.

Red Cross Present.

The Red Cross was attempting to render aid to the scores of the flood victims but the only ones to receive succor were those who were able to make their own way into this city, which virtually is the only one in the section that has not suffered heavily from the flood.

G. C. Durranee, county judge, said tonight that the storm of last week and the flood that has followed it have caused more damage than that of the memorable hurricane of 1926 and even more suffering. He thought the damage would amount to more than \$200,000 for this county alone.

At Ten Mile Bridge, north of here, the Kissimmee river had dropped a little more than two inches tonight and Red Cross workers and others taking part in relief work hope that the stream would be able to successfully carry off the flood waters coming down from the north.

J. D. Croemer, of Washington, assistant director in charge of disaster relief for the national Red Cross, who arrived in West Palm Beach, made a survey of conditions late today and said he thought "the situation well in hand."

Situation in Hand.

"The fact that these people are used to living in localities where waters often get high, probably accounts for their being able to go through the flood as well as they have," he said. "We believe that the situation is well in hand for all persons in the path of the water and are looking for no more damage in this territory, unless more rains occur."

The official lake depth reading late today in Palm Beach canal, leading from the lake, was 15.02 feet, and 15.04 feet at Moonshaven. The depth here, however, was 17 feet only one foot below the danger mark. It was explained that the difference in depth was due to strong winds that affected the level of the 40-mile lake.

Dredges Called.

Reports were received here from Stuart that three sand bars had formed in the St. Lucis canal, leading from the lake to the Atlantic ocean, and had completely blocked the flow of waters being drained from the great reservoir to relieve the pressure. Telephone and telegraph communication was paralyzed to extent where the canal leads from the lake and it was not known here what progress was being made to open up the impediments.

One dredge was known to have left Stuart, however, in an attempt to dislodge the sand in order to decrease the danger of Lake Okeechobee overflowing and a dredge line machine was reported to have started if the sandbars cannot be opened up, the danger of Lake Okeechobee going out of its banks would be greatly increased due to the flood waters pouring down from the north.

HAVOC WROUGHT AT QUITMAN.

Quitman, Ga., August 14.—(Special.)—Following more than a week of hard rain, Quitman was buffeted today with torrential rain and high winds, as well as interrupting communication and transportation in all directions.

After a night of high winds, the tropical storm broke in fury at 7 o'clock this morning and has continued without cessation all day, increasing in intensity tonight.

The city has been with power and lights practically all day owing to falling trees. The Quitman Telephone exchange lost all wires out of town this afternoon and 150 phones in town were put out of commission. At noon the telephone exchange was discovered on fire due to a high-tension wire falling on their toll lines. The fire was extinguished by employees while the storm was raging. Throughout the city trees are being across streets and practically every roof in town has been leaking.

Despite the storm, the Brooks county tobacco warehouse reports an estimated sale of 113,000 pounds at an average price of 13 1/2 cents. Very little tobacco could be brought into town today, and the tobacco sold was what came in yesterday afternoon.

Hair-breath escapes are reported by tourists arriving who negotiated the trip through the storm over highways submerged.

No estimate is possible tonight as to the damage to crops but it is known that cotton, corn, tobacco and hay have suffered heavy damage. Business has been paralyzed today. Indications tonight are that the storm will continue through the night.

TALLAHASSEE IS HIT BY SEVERE STORM.

Tallahassee, Fla., August 14.—(AP)—Tallahassee was cut off entirely from the outside world for several hours today as a wind and rainstorm lashed the state capital city with a fury unknown in several years.

For hours the rain came down in sheets, borne on the wings of a storm, which was believed to have whipped out of the Gulf of Mexico, near Apalachicola, and tore across the state.

The city was hit with electric power nearly all day as high-tension lines went down and endangered lives and property. The power was cut off while workmen labored in the storm to repair the lines. It was reported after one line had been repaired that two others probably had gone out.

Several plate glass windows in stores crashed in the wind. Trees were blown down in many sections of the city. With a splintering crash, one of the stately oaks on the lawn of the state capitol alighted and split to the ground in the near glare. Streets were littered with debris, mostly limbs from trees, while many homes were reported leaking badly, though no roofs were entirely missing.

Many local telephones were out of commission and all outside communication by telephone was reported impossible. Telegraph companies reported they were unable to get a message out for hours and have been unable to communicate with other sections.

tions to ascertain the possible damage elsewhere.

Several inches of rainfall had fallen in the city within the past 24 hours.

NO INJURIES ARE REPORTED.

Tampa, Fla., August 14.—(United News.)—No injuries were reported from the tropical hurricane which struck Tallahassee, the state capital today after moving inland from the Gulf of Mexico.

Communication in an area of 30 miles around the capital was disrupted when streets in the city and highways leading to it were damaged, telephone poles were blown down and basements flooded.

A wind of 45 miles velocity and increasing in intensity was blowing from the northeast and a drenching rain was falling in sheets, threatened to parts of the city tonight as several power lines were blown down.

The wind changed to the south in the early afternoon and another blow was expected.

The center of the storm was believed to have passed to the west of Tallahassee. Reports from Midway, 14 miles west of the capital, said several houses were unroofed but no one was injured. Trees were blown down across railway tracks there.

At Pensacola, on the coast 180 miles west of Tallahassee, the highest wind velocity reported today was 20 miles. The barometer sank to 29.7, and the wind was 29.83, three points off in three hours.

A tide 12 to 14 inches above the usual high tide was reported at Gulfport, near St. Petersburg, today. High tide at Passaic was 10 inches above the usual crest.

Ships in Pensacola made no report of unduly heavy weather, and the naval air station there continued its regular program today.

LINDY'S PICTURE, RADIOED BY PLANE, PROVES SUCCESS

Philadelphia, Aug. 14.—(AP)—An airplane flying high above Philadelphia tonight broadcast a photograph of Colonel Lindbergh, which was received on more than 100 special sets throughout the city with a fair measure of success. It was said to be the first time the feat has been accomplished.

BANDIT GETS \$3,000 IN DAYLIGHT RAID

Continued from First Page.

highway robbery and two assaults with intent to kill.

Late Tuesday night in his cell at the Fulton county Tower Presley was defiant, and apparently had no regrets over the robbery or the wounding of the two men.

The young bandit said that he had been planning the robbery attempt for more than two weeks and that he had been confident that it would be a success. If it had been successful he intended to fly to Mexico with his stolen loot, he stated.

"Thornton had too much money for any neanderthal," he said. "But he did not intend to shoot him and would not have done so had he not made a threatening gesture toward his hip pocket. I thought he had a gun and didn't intend to take any chances."

Describes Shooting.

"I shot Hill because he fired three times at me. It made me mad as the

devil when he took a hand in my affairs and tried to capture or kill me, and I was so excited at the time that I didn't care whether I wounded or killed him. I am glad now, however, that he was only wounded and not killed."

"That's all there is to it, but I would like to warn other young men against running away from home. I have been a drifter since I was 14 years old and it was because of association with bad men that I decided upon so desperate a venture."

"I'll probably get 15 years for this job," he concluded, "but who cares?"

Thornton was resting easily at Grady hospital late Tuesday night and Hill was removed to his home after his injury had been treated at Davis Fischer sanatorium. Both men will recover.

ALLEN TO DIRECT DEMOCRATIC WORK OF ARMY VETERANS

New York, August 14.—(AP)—Major General Henry T. Allen, who commanded the army of occupation after the world war, today accepted the presidency of the democratic veterans organization.

Colonel Monroe Johnson, of Andrews, S. C., was appointed vice president in charge of the southern district, which includes South Carolina, North Carolina, Georgia, Florida, Alabama, Mississippi and Louisiana, and Major William F. Deegan, of New York, was appointed vice president of the Atlanta zone, which includes New Jersey, Delaware, Pennsylvania, Maryland and West Virginia.

LAKE RUM FLEET EXPECTED TO TEST BLOCKADE ON ERIE

Buffalo, N. Y., August 14.—(United News.)—United States coast guard patrols prepared tonight for the expected battle with a rum running fleet.

Every available rum chasing vessel was drawn into a blockade on the American side of the border to check attempts of the outlaw fleet to land cargoes. Two groups of rum boats, one with 25 vessels and another with ten vessels, were waiting favorable weather to break the American blockade without loss of many boats.

Officials said tonight they were expecting the two divisions of rum fleet to advance at the same time, hoping to break the American blockade without loss of many boats.

MRS. HOOVER TRIES TO BUY BIRTHPLACE OF HER HUSBAND

Iowa City, Iowa, August 14.—(AP)—Negotiations looking to the purchase of Herbert Hoover's birthplace at West Branch by Mrs. Hoover, wife of the republican presidential nominee, have been going forward for several weeks it was learned here today.

Mr. Joseph Scullers, present owner, however, heretofore expressed a reluctance to dispose of the homestead. Mrs. Hoover's desire to acquire the deed to the place by August 10 will present it to her husband as a birthday gift, Mrs. Scullers said.

LAWYER ATTACKS FEDERAL JURIST

New York, August 14.—(AP)—Formal complaint against Federal Judge William H. Atwell, of Texas, who is sitting temporarily in Brooklyn, was made today to Chief Justice William Howard Taft by F. R. Serri, a Brooklyn attorney, rebuked in court by Judge Atwell.

Serri charges the judge with fostering race prejudice and reflecting a "mixture of prejudice, ignorance and abuse of power difficult to match."

Judge Atwell's conduct, in the lawyer's opinion, demands not only the "severest reprimand" but "raises a grave question as to his fitness to sit on the bench anywhere in the United States."

The judge rebuked Serri after a jury had found Mrs. Angelina de Luca, of Brooklyn, his client, guilty of possession and selling liquor.

The lawyer in summing up his case told the jury that his "definition of a modern miracle is a prohibition agent who tells the truth under oath." The judge said, "In my country a lawyer who made such an accusation against an officer of the law would be smashed before he got out of the courtroom."

Then Judge Atwell turned to the woman and told her she had been unfortunate in her choice of counsel and advised her to move to another neighborhood, declared that "white folk

FIRE IN MONTANA SPREADS RAPIDLY

San Francisco, August 14.—(AP)—Forest fires continued to spread in Montana tonight after burning over more than 3,000 acres, but conflagrations in California and Idaho were under control.

High winds and the inaccessibility of the Clearwater forest in the Montana district of the United States forest service had combined toward the spread of two fires.

More than 250 fire fighters were combating the flames.

The fire in the Sierra national forest of California was turned back by backfiring and the Miami mountain blaze was checked after having burned over 5,880 acres.

Fires in Idaho burned over 10,000 acres before rain fell and helped the fighters control the flames.

Cooler weather was reported in the Montana district today.

More than 40 fires burned yesterday, and colored folk cannot live together."

The last statement, Serri complained, had aroused considerable resentment among Brooklyn's negro population, with the result that a mass meeting had been called for tomorrow night to register a protest.

Agents testified at the trial that white and negro were drinking together at the woman's place.

The softer, finer loaf
that's twenty-per-cent richer

PERHAPS you have noticed how much men like Southern Bread! Even the ones who have thoughtlessly insisted on your making bread at home "because I don't like store-bought bread."

Would you like to know why? It's because we make bread of the same fine ingredients you yourself would select—you could buy the same famous yeast, the same beautiful flour, the same fine shortening at your own grocer's.

But here's a difference. We use quantities of milk in Southern Bread. Probably you'd feel extravagant to use as much. But by doing that, we make Southern Bread twenty-per-cent richer—and, although the men may not know the reason, they certainly like this richer bread. And so do the children! A fact many mothers appreciate, for it is so nutritious.

Your grocer has it. Let your family enjoy Southern Bread regularly.

EDUCATION BOARD HONORS MRS. WEST

The new Ormeowood school will be named in honor of Mrs. Annie E. West, member of the board of education from that ward, the board of education decided Tuesday afternoon at the regular monthly meeting in the city council chamber. The suggestion was made by John L. Hudson, president of the Ormeowood Park Improvement club; Dr. R. M. Eubanks, moving that the name be adopted. Mrs. West made a short speech in which she thanked the board for the honor, and expressed her love for the school.

The following committee was appointed to select names for the two new junior high schools: J. W. Madison, Mrs. A. E. Wilson, Mrs. West, W. W. Gaines and C. A. Landers. Roy D. Warren, Dr. M. M. Burns and Mrs. Wilson were named as a committee to foster athletics in the schools in cooperation with the park department and organizations interested in athletics.

Coal Purchasing Refused.
The board of education decided against a policy of allowing its 1,500 employees to order their coal through the board this winter. Opponents of the move expressed the opinion that such a policy would not be able to save several dollars on the ton if allowed to buy their coal through the administration. It was pointed out that by voting against paying for damages to an automobile which is involved in a coal delivery accident, the board is not responsible for damages incurred in accidents when city cars are driven by school employees.

The board concurred in a report by Dr. Burns, chairman of a special committee, to the effect that Tech High and Boys High schools need a store room, five rifle racks and cinders on the drill grounds for the military units and referred the report to the building and grounds committee for the building act. Dr. Burns said that there are enough property available for 600 cadets at each school.

Normal School Suspension.
Willis A. Sutton, superintendent of schools, asked the board to consider the advisability of suspending temporarily the normal school, as the enrollment has dropped from an average of 120 to only 30 pupils, because of the fact that funds have not been available to employ as teachers the

graduates of the school. The board did not take any action on the suggestion. Superintendent Sutton announced that the summer schools will close today with a fine record for the season's work.

The board decided to readvertise for bids on library equipment for several schools and on typewriters for commercial students. The new bids will be opened on August 28.

Thomas R. Little, Ossie McIntyre, M. E. Austin, J. Henry Lehr and Mrs. Grace Currens were elected as teachers in the high schools, and Miss Lucy Bellows and Miss Frances Law were elected as teachers in the elementary schools. Miss Florence M. Bryan and Miss Julia McCullough were granted leaves of absence.

REED URGES HIGHWAY BONDS FOR GEORGIA

Macon, Ga., August 14.—(AP)—A state bond issue of \$30,000,000 payable, principal and interest, from the gasoline tax, as a remedy for the "pay-as-you-go" system of highway construction, was advocated here today by Judge Harry Reed, of Waycross, Ga., in an address before the Lyons club. An additional issue for a like amount to be floated in 1932, to complete the hard-surfacing of Georgia's 7,100 miles of highways, was contained in the proposal.

The meeting was attended by Governor L. G. Hardaway, who was here for the day; Dr. Spright Dowell, president of Mercer university; officers and representatives of other civic clubs and all candidates for the legislature on the coming election.

The big problems in the state highway situation, according to Judge Reed, are:

- "1—Securing connected highways.
- "2—Securing reasonably durable types of surfacing.
- "3—Completion of the state highway system within a reasonable time.
- "4—Relieving counties from participation in the cost of building state roads, and
- "5—Repayment of counties for funds spent on state roads."

"The bond issue suggested," Judge Reed said, "offers a partial solution of these problems." He declared that Georgia loses every year \$175 on each automobile in increased cost of operation and repair in the use of 300,000 cars on dirt roads, as compared with the cost of operation and repair of cars on hard-surfaced roads.

"Please give my love to all the members of the association and visitors and say I will meet them in Atlanta and at Press Haven. In the meantime our greatest professional responsibility to the state we love is to join wholeheartedly for a practical, constructive system of permanently paved and connected highways. Personal regards.

BRIGADIER MAIN TO HEAD TEXAS SALVATION ARMY

Brigadier David Main's appointment to command the Texas division of the Salvation Army was announced at territorial headquarters here Tuesday by Colonel Alfred A. Chandler, chief secretary of the southern states.

Brigadier Main has been attached to the territorial staff since the territorial congress held here in January, perfecting organization for the five-year extension program and for the centenary call campaign in celebration of the 100th birthday year of the Salvation Army founder.

Mrs. Main, the daughter of Dr. Herbert A. Sanderson, noted Detroit physician and then mayor, Captain Erna Main, are both active Salvation Army officers.

SUICIDE VERDICT IN POISON DEATH OF COLUMBUS MAN

Macon, Ga., August 14.—(AP)—A coroner's jury returned a verdict of suicide today after investigating the death of Emmett P. Ingram, of Columbus, Ga., Ingram was taken to a hospital last night after he told the manager of a hotel he had taken poison.

Two brief letters were found in his pockets. One of them, addressed to his mother, said he was suffering and said "I can't get well." The other was addressed to the hotel manager. It read: "Please forgive me for committing my act here. Thank you for your kindness."

The body was taken to Columbus today for interment.

BRITISH-MEXICAN CLAIMS ARBITRATED

Mexico City, August 14.—(AP)—Dr. Alfred Zimmerman, noted Dutch internationalist, has arrived to take up his duties as umpire of the Mexican-British claims commission to settle British claims against the Mexican government for revolutionary damages.

LIONS HEAR ADDRESS ON CALIFORNIA FRUITS

Harry Drobish, state distributor of markets of California, was the speaker at the weekly meeting of the Atlanta Lions club Tuesday afternoon. Mr. Drobish's topic was "California Fruit, How Produced and How Marketed," and he spoke on the cooperation of California farmers in the production of their crops. He also gave several valuable suggestions as to the fruit growing industry in Georgia.

A vocal program was rendered by Mrs. Drobish, accompanied by Mrs. Sawyer.

ROADS BAR SPEAKER FROM PRESS MEETING

Statesboro, Ga., August 14.—(Special.)—Enforced closure of the program of the Georgia Press association in convention here today drew attention of the members to the need of better highways in Georgia in striking contrast to the situation in other states. At least one speaker, James A. Hollomon, of the Atlanta Constitution, was unable to attend because of the impassability of roads south of Macon, torn up by recent heavy rains.

Mr. Hollomon sent a telegram of greeting and explanation of his absence, which was read to the gathering.

W. T. Anderson, editor of The Macon Telegraph, urged drastic restriction in publicity matter used by newspapers for public office seekers.

Mr. Anderson stressed the importance of the editors printing only the actual news in connection with a candidate's campaign. Gordon Saussey, of Savannah, spoke on the laws affecting newspapers.

Miss Emily Woodward, president of the association, named legislative and resolution committees. W. G. Saussey, managing editor of the Savannah Press, and Gordon Saussey were selected for the former, and D. G. Bickers, associate editor of The Savannah Morning News, on the resolution committee.

The editors were served with luncheon by the Statesboro U. D. C. in the high school building.

Mr. Hollomon's telegram explaining his inability to reach the convention read as follows:

"Georgia's deplorable road conditions are responsible for it becoming necessary to change your program, to my regret, even to the exclusion of the gang. Facts are, I left Atlanta in good spirits last night with information that we could make it from Macon south all right; but, alas, conditions prove different. Even though with a powerful automobile that will swim rivers we cannot negotiate Georgia mud, hence we are turned back from Macon and must spend the day less interestingly.

"Please give my love to all the members of the association and visitors and say I will meet them in Atlanta and at Press Haven. In the meantime our greatest professional responsibility to the state we love is to join wholeheartedly for a practical, constructive system of permanently paved and connected highways. Personal regards.

(Signed) JAMES A. HOLLOMON, "Associate Editor Atlanta Constitution."

With the completion tonight of the second day's program of the convention interest turned to the election of officers, which is scheduled to take place tomorrow afternoon at 3:30 o'clock.

Miss Emily Woodward, of Vienna, the first woman president of the association, will be re-elected for another term. It is understood that her election will follow the custom of the association in unanimously offering its president a second term. Louis Morris, of Hartwell, will be re-elected vice president, it is expected.

Other features of the program to-morrow include selection of the 1929 meeting place; a number of addresses on pertinent newspaper subjects; the annual message of the president; awarding of trophies, and a banquet at night at the Georgia Hotel, followed by an evening of entertainment.

RIVERS ADDRESSES CAPACITY CROWD AT GREENVILLE

Greenville, Ga., August 14.—(Special.)—Senator Ed. Rivers, candidate for governor, spoke here today to a crowded courthouse. He was introduced by N. F. Culpepper, who paid a tribute to the senator's record as a member of both houses of the legislature.

Senator Rivers advocated a development of the state's resources, the completion of the good roads system without cost to the counties, the building of industries to provide home markets for agricultural products and jobs for the youth of Georgia, consolidation of more than 80 departments of state government into 14 to prevent overlapping and to insure efficiency and to fix responsibility, the state providing a nine months' school in reach of every boy and girl in Georgia, an increase in the common school education fund, efficiency in the operation of all schools, the distribution of automobile tags through county agencies, the increase of Confederate pensions to be paid monthly, the abandonment of ad valorem taxes for state purposes and limiting the rate levied by counties and municipalities, the appointment of the highest type of men to public office, the plank in the national platform in regard to labor, strengthening the banking laws for the protection of depositors and opposition to the spending of huge sums of money in political campaigns.

FORT TO DIRECT DRIVE FOR SMITH IN THIRD DISTRICT

Americus, Ga., August 14.—(Special.)—Major James A. Fort, of Americus, has accepted appointment as chairman of the democratic campaign committee in the third congressional district, and will direct the efforts to elect Governor Al Smith, of New York, president in the November election. Fort has named W. W. Dykes, of Americus, chairman for Sumter county, and Dykes has accepted the appointment. A speaking campaign designed to cover the entire district is now being worked out by Fort.

Congressman Charles R. Crisp has tendered his services to the district committee as a stump speaker during the campaign, and others who have volunteered are former Congressman William Schley Howard, of Atlanta, and former Senator Thomas W. Hardwick, of Sandersville.

ORCHESTRA PLAYS FOR BUSINESS CLUB

Drummond's Entertainers, musical organization of Drummond's business college, of Atlanta, were the principal feature of the American Business club's weekly meeting Tuesday afternoon in the Henry Grady hotel. The meeting also heard an address by George West on "State and Public Highways." E. B. Brooks was in charge of the program.

MORISON WILL ADDRESS SAFETY COUNCIL TODAY

The Atlanta Safety council will meet at 12:30 o'clock this afternoon in the civic room of the Ansley hotel. The speaker for the occasion will be Rodney Morison, Jr., chairman of the executive committee of the Atlanta Community Chest, who will speak on "Accidents and Their Part in Atlanta's Charitable Program."

Would-Be Pilot Must Use Care Choosing School

BY DON BROWN
(Copyright, 1928, by North American Newspaper Alliance.)

Nearing the conclusion of my ten-hour flying course, but still with two hours of solo flying before me, I am pausing to pass along some experience and advice concerning flying schools.

These institutions of the "higher learning" are springing up all over the country like mushrooms as a result of the widespread enthusiasm for aviation which started with Lindbergh's flight to Paris. Most of them are honest and are run by men of integrity, but some do not do all that they promise, largely because they promise impossibilities.

One school in the middle west, which claims several hundred "graduates" has never allowed a one of its graduates to pass along some experience and advice concerning flying schools. It is obvious that no student can really learn to fly without solo work and that the school which gives its dual instruction in such fashion that it doesn't dare risk the student solving is not teaching flying.

Fake Schemes.
"It appears to be so easy to get away with fake schemes in aviation now," this inspector said. "The very word 'aviation' seems to arouse enthusiasm and inspire confidence in men who would not turn loose of their money under any circumstances in connection with other projects."

However, a majority of the people connected with the flying game are on the level, especially the pilots.

As I started out myself to learn to fly by spending three weeks in an "aviation school" which failed to produce any planes, I cannot set myself down as an expert adviser to other students. But I do suggest that, before you sign up with a school, you investigate it as thoroughly as possible, not only through contact with those in charge of it but, if possible, in private conversation with some of its students who are nearing the conclusion of its course. They are in a better position to give you first-hand information on the sort of training it gives than is anyone else. Also, if it has any outstanding faults or weaknesses, they will be the ones to tell you, and not the salesman who is trying to sell you a course.

All Licensed Instructors Good.
In regard to the instructors, any flyer who is licensed by the department of commerce to teach you to fly is o. k. The tests required by the department are so thorough that the instructor passes them is bound to be a good pilot. As for the personalities of the pilots, I think you will find them the finest bunch of men you would care to meet. After a few hours of flying, you will begin to realize the amount of courage it takes to sit up in the more dangerous front cockpit position, and knowing how to fly perfectly yourself, let some novice in the back seat fumble with your life while he tries to learn the controls.

The two pilots who have been instructing me, both started out in the war. Both have been flying most of

TOPEKA DECORATES FOR CURTIS MEET

Topeka, Kan., August 14.—(AP)—Flags and bunting which decorated Kansas City streets for the republican national convention now are being used in decorating Topeka for the Curtis notification ceremonies August 18.

Huge pictures of Senator Charles Curtis, the republican vice presidential candidate, purchased by his friends to boost his candidacy for the presidential nomination during the Kansas day celebration in January, also have been recalled into service to augment the decorative scheme.

Decorations of the state capitol, scene of the notification, begins tomorrow. Reduced railroad rates for the week-end have been announced by four railroads.

The time since, and have come safely through many hair-raising experiences. One of them was a captain at 21 after winning eight victories against our late enemies, the Germans. Once or twice I have put him in great danger, I think, by my ineptitudes, but I have never seen him act any way but with a sort of terse courtesy and the voice which tells me how to straighten the machine out of a spin after I have fallen into one is always of a cool, professional quality. I take off my hat to these veteran pilots. The more I know of them the more I admire them.

Value of State's 'Wild Life' Exceeds That of Hogs, Cotton

Twitty Tells Rotarians of Nature's Bounty

The actual dollars-and-cents food value to the state of Georgia of the fish and game annually taken within its boundaries is more than twice that of every hog grown in the state, is nearly double that of all the dairy products, and is one and two-thirds as much as the entire Georgia cotton crop. These were the remarkable facts presented Tuesday by State Game Commissioner Peter S. Twitty, who addressed the weekly luncheon of the Atlanta Rotary club.

Mr. Twitty, in addressing the Rotarians, said that he was talking to a group of business men, about his own business, and pointed out that the large value of the so-called "wild life" of the state is more than any other of its products. He stressed the fact that although other crops for which the state is noted are produced with an enormous expense of money and labor, the bounteous harvest of wild life is a gift of generous nature, itself, and is without toil or taxation in its production.

"An efficient and reliable census conducted by the game department of the state shows that the actual food value of game birds and animals alone for the last year approximated \$5,500,000," Mr. Twitty said, "and authorities say that the values placed upon the species killed were ultra conservative."

Mr. Twitty also reminded the Rotarians that the appraisal of the state's wild life as an economic asset should recognize it as a resource of potential benefits even beyond its food value. He mentioned that thousands of Georgians earn their livelihood by fishing.

and also that many of the state's new citizens and thousands of its tourists were being drawn here to spend their fortunes because of the excellent hunting that Georgia affords.

The most important task of the state today, Mr. Twitty concluded, is to conserve and preserve this bountiful wealth of wild life, and to respect the reasonable bounds of protection which have been thrown around it.

Mrs. De La Parelle To Attend Convention Of Securities Heads

Mrs. Orrie De La Parelle, secretary of the Georgia Securities commission, will leave today for Salt Lake City, Utah, to attend the annual convention of the National Association of Securities Commissioners. Mrs. Rainey is the secretary of the southern group of the national organization.

At Salt Lake she will be joined by Attorney General George M. Napier, Georgia's other representative at the session. Colonel Napier is a member of the Georgia Securities commission. He has been attending the sessions of the National Association of Attorneys General at Seattle, Wash.

After the convention Mrs. De La Parelle will visit friends and relatives in Los Angeles and San Francisco.

39 Extra Large Size ORIENTAL RUGS

Less Than $\frac{1}{2}$ Usual Prices

PROMINENT among the 1,100 Oriental Rugs which we recently purchased at a very great saving are 39 extra large room-size rugs . . . Rugs as large as these usually sell at a handsome premium . . . The reason is simple: It takes a long time to make them and requires the most experienced weavers. We purchased these rugs at the same price per square foot as we did the smaller ones—because of the size of the purchase . . . It is seldom that great purchases as this are made—few attempt so great a transaction. Thus we have a double saving—eliminating the premium attached to rugs of extra size. . . . We pass on to you the same saving. Again because we sell them for cash. . . . These rugs are priced positively very much lower than Orientals have ever been sold.

Most of them are made in wealthiest districts of Persia, requiring all the art, skill and symbolism the Persian artist may possess. The true interpretation of the designs of each rug will reveal the full story of the transcendental spirit of Persian intellect. The aesthetic merit of each detail on any rug of this class will distinctly express also the pragmatic Persia ready to suit the Occidental ideas. Any home must be proud of having a rug of this character. Sizes ranging from 9x15 to 14x25 ordinarily selling for \$1,000 to \$3,750.

This rug was made by Christian refugees in Greece. 18.1x12.2. Midnight blue, rose and blue flowered design, rose and blue border. A rug selling ordinarily for \$1,000. Priced here . . . \$565

Made in Anatolia, Asia Minor. 17.7x11. Apricot background, all over design, Apricot and blue and gold border. A rug easily worth \$1,000. Priced here . . . \$585

Rug made in the Elvand mountains. 19x9.6. Mulberry and blue and gold—all over pattern with border of same colors. Rugs of this quality usually sell for \$1,500. Priced here . . . \$750

Made in southern Persia. 15x5x9. Blue background, rose and gold border, but for this great rug purchase the price of this handsome rug would be \$1,250. Priced here . . . \$785

Made in meshed district of Persia. 17.2x12. Deep rose background, blue and gold border. Ordinarily priced \$1,275 and up. There's a tremendous saving in the purchase of this rug, which is valued at \$1,500. Priced here . . . \$790

Made in southern Persia. 17.7x9.1. Deep rose background, blue and gold and mulberry border—all over pattern. Another \$1,500 rug. Priced here . . . \$850

Made in Kirman. 18.10x9. Tan background, detailed design, floral and swirl, blue and gold and mulberry border. Rug of this quality hardly ever sells less than \$1,750. Priced here . . . \$925

Made in Ispahan district. 19.3x13.10. An unusually large rug, 14th century design in rose and blue. Ordinarily it would be priced at \$1,750 and up. Priced here . . . \$985

Made in Ispahan, Persia. 20.2x14.1. 15th century dynasty design in midnight blue and gold and rose. It is a \$2,000 rug. Priced here . . . \$985

Made in northern Persia. 18.8x14.4. All over pattern in two-toned blue with gold. A handsome rug for which you are usually asked over \$2,000. Priced here . . . \$1,085

Made in central Persia. 18.6x11.6. Beautiful rose background, all over pattern—blue and gold border in design. A rug which we— with our low prices—would have sold at one time for more than \$2,000. Priced here . . . \$1,175

Made in Ispahan districts. 23.9x13.8. Unusually large rug. Red rose background, blue and gold border in detail pattern. The actual value of this rug is over \$2,000. Priced here . . . \$1,375

Made in Central Persia. 22.3x12.5. Peacock blue and rose and gold design and border. The actual value of this rug is \$3,000. Priced here . . . \$1,475

Made in Kirman. 24.8x12.2. Very large rug, most beautiful in our collection. Midnight blue designed in medallions and all over pattern—a charming rug. A \$3,750 rug—a wonder rug even at that price. Priced here . . . \$1,650

Other Room Rugs and Their Prices

Size 17.7x10.1	\$ 585	Size 18.8x12.6	1,175
Size 17.10x9.6	750	Size 23x2.1	1,175

PRISONER SHOTS WAY TO FREEDOM

Bay St. Louis, Miss., August 14.—(AP)—A man hunt was on near here tonight for a negro who killed one man and seriously wounded Chief of Police Mark Oliver as they were entering the negro's cell at the city jail.

Several hundred persons were deputized by Sheriff Joseph Jones to participate in the search and tonight they were spread out through several counties near here. Bloodhounds were brought from Poplarville and Biloxi to pick up any trails that may have been left.

Chief Near Death.
The dead man is John Damberine, an employee of a local automobile repair shop. He was shot through the temple and died instantly.

Chief Oliver received bullet wounds in the back of the head and the shoulder. He was taken to a Gulfport hospital and is not expected to live.

The negro, Silas Richardson, was locked in a cell after being arrested earlier in the day on a charge of stealing an automobile.

Sought Automobile Key.
Chief Oliver went to the negro's cell with Damberine to search the negro for the automobile key. They entered the cell and the prisoner immediately opened fire with a revolver which either had been overlooked in searching him or had been slipped to him by a friend.

Rain Will End This Morning, Says Forecast

The rain will end this morning, according to the local weather man, and this afternoon clear skies again will reign. The rain and winds Tuesday were caused by the gulf hurricane that has been menacing property in Florida and south Georgia for the past few days.

Today's temperature will range up to 85 degrees, according to the local bureau, this maximum to be reached during the afternoon.

HARRELSON TO SPEAK TO J.O.Y. CLASS SUNDAY

J. Ira Harrelson, prominent Atlanta attorney, and recently elected school commissioner from the fourth ward, will give a talk to the members of the J. O. Y. class of Western Heights Baptist church at 9:45 o'clock Sunday morning, Ellis B. Barrett, teacher of the class, will be absent from the city and has requested Mr. Harrelson to make the address.

NEGRO UNDERTAKER HELD IN THEFT CASE

G. M. Hanley, negro undertaker, of 270 Edgewood avenue, was arrested Tuesday morning by Detectives White and Evans and is being held under \$1,000 bond, charged with receiving stolen goods and disorderly conduct.

The detectives also arrested and ordered held on a charge of suspicion two negroes, Marion Wellons, 20, of 281 Houston street, and Horace Jones, of 511 Irwin street. The detectives charged that the two negroes had stolen \$225 worth of coffin name plates from the colored undertaking establishment of D. T. Howard & Son, at 71 Piedmont avenue, on July 8, and had sold the stolen plates to Hanley.

SLAVS APPROVE PACT WITH ITALY

Belgrade, Yugoslavia, August 14.—(AP)—Parliament adjourned today after an indefinite period after having added to the turmoil in the country by ratifying with the majority of a single vote the bitterly opposed Nettuno conventions with Italy.

Meanwhile the question has been raised by those in sympathy with the Croatian opposition, whether this slim majority is sufficient to make the pact binding, alleging that the constitution calls for a two-thirds vote for treaty ratification.

Before voting suspension today, the skuptina (parliament) passed one measure designed to ally Croat anger when it suspended the parliamentary immunity of Deputies Jovanovich and Popovitch, who were alleged to have been accomplices in the shooting last June in parliament of Stefan Radich, his nephew, and another deputy.

Croatian newspapers today declared that the Nettuno conventions as ratified with only government supporters voting were worthless because of the absence of the Croat and Serbian agrarian left parliament members, sufficient numbers for legal ratification. They accused the government of adding crime to crime regardless of the satisfaction due to the Croats for past injustice.

Generally it is acknowledged that while the Nettuno conventions will give added power to the Croatian demand for home rule it will leave Italy without excuse to interfere in Yugoslavia's internal crisis.

CHICAGO PUSHES ACTION ON SLAYER

Continued from First Page.

arraigned and held to the grand jury without bond, charged with first-degree murder. Although Illinois law requires a grand jury to return a verdict, "It ought to be the manslaughter, your honor, because she was not dead when I left her," he said.

A short time later a true bill charging Shanks with murder was reported voted by a grand jury in a hearing that required only 30 minutes.

"A swift trip to the electric chair will be Shanks' portion," said Assistant State's Attorney Thomas Dillon.

After reenacting his crime and demonstrating against a murder charge, the negro refused to talk any more and was taken under heavy guard to jail.

Members of Evanston's negro section voiced demands for a speedy trial and the maximum penalty for Shanks, through Dr. Herbert A. Turner, president of the Chicago branch of the National Association for the Advancement of the Colored People.

Shanks' arrest was brought about through the sale of his victim's wrist watch to his employer's son, Lebert Bastian, who took it to a jeweler, have the initials "J. M. C." changed to his own. The slayer said he sold the watch for \$1.10, which was all he obtained from his crime.

Miss Constance, the victim, was head of the English department of Bradley Polytechnic Institute in Peoria. She was attending Northwestern university as a summer student. Last Thursday night while en route to her home from the university library she was waylaid and killed.

CONFERENCE HELD ON DEPOT PLANS

Continued from First Page.

the railroad company furnishes satisfactory figures and plans to show that the station will provide Atlanta with "adequate terminal facilities," as the commission interprets that term.

The railroad has expressed a willingness to expend approximately \$500,000 on improvement of the station. Mr. Johnston has been working on the case for the commission and will have plans available soon for that body which it will use in bringing about a settlement of the situation it was learned.

It was learned that the railroad company's engineers did not bring enough actual plans with them to furnish the commission's engineers with complete details. They brought figures covering the various improvements to be made but did not furnish the plans needed to explain the figures.

TOOMBS IS ACCUSED IN SALE OF "SHARES"

Continued from First Page.

neys, said he had an appointment with Toombs for a conference here tomorrow.

TOOMBS IS CHARGED WITH NEW SHORTAGE

Chicago, Aug. 14.—(AP)—A new shortage of \$200,000 was charged against Roy C. Toombs, investment broker and insurance company head, by the Chicago police today.

Toombs is free under a \$10,000 bond after being arrested Saturday on an embezzlement charge resulting from the alleged disappearance of \$30,000 in assets from the International Life Insurance company in St. Louis, of which Toombs is president.

As a result of Stelle's charge, Judge William M. Gemmill of the superior court appointed the Federal Trust and Savings bank as receiver for the firm. Stelle asked the appointment in a petition charging Toombs with fraud which had resulted in the exhaustion of the assets of the firm.

He declared he was informed that Toombs entered into a scheme in March, 1927, to gain control of the International Life Insurance company and that, without knowledge of the board of directors, Toombs had daily used his office with the investment firm to further his plans in the insurance company.

In the manipulation necessary to his project, the petition states, Toombs issued checks against Toombs and Daily for \$200,000 and \$200,000 and with the money purchased securities which the firm has never seen.

The check withdrawals, said Stelle, so exhausted the Toombs and Daily treasury that the firm cannot now meet its obligations.

Judge Marcus Kavanagh late today dismissed a habeas corpus writ obtained by counsel for Toombs in connection with his arrest on the St. Louis charge. Assistant State's Attorney Q. J. Chitt appointed and informed the judge that the Chicago police had nothing against Toombs and had released him.

PROTECTION IS SEEN FOR POLICY HOLDERS.

Little difficulty will be experienced in obtaining re-insurance to protect policyholders of the International Life Insurance company, of St. Louis, which was placed in the hands of receivers Monday, in the opinion of General William A. Wright, state comptroller and ex-officio insurance commissioner of Georgia. Licenses of the company's agents in Georgia, including that of H. W. Campbell, manager of the insurance company's Georgia division, were suspended Tuesday by the comptroller general pending a satisfactory adjustment of the company's affairs in Georgia.

Mr. Campbell had no statement to make Tuesday other than to say that "policyholders in Georgia will be fully protected and that re-insurance will be readily available."

The St. Louis company was placed in the hands of receivers following the filing of a petition for receivership by stockholders who acted as insurance commissioners of six states of the middle west concerned in finding that \$3,500,000 was missing from the company's accounts.

Books of the comptroller general's office showed that the International Life company had written policies in Georgia aggregating \$4,325,048 among 2,172 policyholders through December 31, 1927. Reports of the company's financial condition at that time indicated a reserve fund of \$37,739,410, capital of \$937,000 and a surplus of \$1,430,739.

SALE OF INSURANCE STOPPED IN UTAH.

Salt Lake City, Utah, August 14.—(AP)—Utah agents of the International Life Insurance company of St. Louis today were ordered to discontinue writing business for that firm by J. C. McQuarrie, state insurance commissioner.

NOBILE AND AID SEE FILM TELLING STORY OF FLIGHT

Rome, August 14.—(AP)—General Umberto Nobile, leader of the ill-fated polar expedition in the dirigible Italia, and Natale Cecconi, engineer of the airship, today had a private view of a film of the expedition prepared for the government by special operator who remained at Kings Bay during the fatal last flight of the Italia.

The film is devoted to the departure from Italy of the base ship Citta di Milano and the arrival of the expedition at Kings Bay. The second depicts arctic wastes. The third illustrates the research work done by the party, and the fourth is devoted to the finding of the survivors and the return to civilization after the wreck of the airship on May 25.

The film is to be released for public view on August 17.

FIRST SALE OF YEAR SEEN AT MONTEZUMA

Montezuma, Ga., August 14.—(Special.)—The first bale of the 1928 cotton crop in Macon county was brought to Montezuma today by A. T. McKenzie. This is the fifth successive year that Mr. McKenzie has brought in the first bale in the county.

Seek School Bonds.

Waynesboro, Ga., August 14.—(Special.)—The Willacoochee school district in Atkinson county has called bond election for September 11. It is proposed to issue \$25,000 of bonds with which to erect and equip a new school building.

Poison in Body Of Lowenstein, Doctors Report

Paris, August 14.—(AP)—The international mystery of the death of Captain Alfred Lowenstein, Belgian financier, while crossing the English channel in his private airplane on July 4, today entered another phase when it was unofficially reported that toxic matter had been found in the viscera of his body.

After Lowenstein's body was found on July 19 Dr. Paul, chief chemical analyst for the surete generale, the French Scotland Yard, undertook an exhaustive autopsy at the request of members of the Lowenstein family. It was said at the courthouse in Boulogne, according to Le Matin today, that the expert's report, which will not be made public, reveals "the existence of traces of a very characteristic toxic matter" in the viscera.

The toxicologist's report will be forwarded to the court in Brussels which conducted an inquiry into the disappearance and death of the financier. Should the report lead to a reopening of the case, it is likely to have diplomatic as well as judicial ramifications since the body was discovered outside of the territorial waters of either England or France.

TRAPPED, SLAYER COMMITS SUICIDE

South Bend, Ind., August 14.—(AP) Austin Pavay, 35, an amateur photographer, committed suicide late last night as police entered his home to arrest him in connection with the murder yesterday afternoon of Mrs. Little Mae Carmein, 33, a factory worker. Mrs. Carmein was shot four times and her body left lying in one of the principal streets of the city.

According to friends of the family, the suicide of Pavay was the last act of a triangular love affair. Elmer Carmein, husband of the dead woman, is grief-stricken as is a 10-year-old son.

The body of Mrs. Carmein was unidentified for several hours. No one witnessed the shooting but two local business men said they saw a man carrying a revolver jump into an automobile and speed away immediately after they had heard several shots. The license plates on the automobile had been issued to Pavay and police began hunting him. About ten hours after the slaying of the woman Pavay killed himself.

A description of the body being broadcast over radio station WSBT of the South Bend Tribune, a former neighbor of the Carmein family, Mr. Carmein told police he had no trouble with his wife and said that she was happy when she left for work yesterday morning. He denied knowing anything about or why she met her death.

Three of the bullets entered the left breast of the woman. The fourth struck her in the left arm.

Doctor to Decide On Siamese Twin Operation Today

New York, August 14.—(AP)—Whether an attempt will be made to separate the "Siamese Twins," Mary and Margaret Gibb, will be determined definitely tomorrow, it was learned today at the office of Dr. Francis P. Weston, who has been interested in the case.

The announcement was made after Dr. Harold M. Hays, director of the Park West hospital, where the twins are staying, had asserted that the hospital had "no intention of allowing any surgical procedure to be attempted without having such procedure receive the indorsement of men prominent in the profession."

Dr. Weston, it was said at his office, was not in this afternoon, but a man who answered the telephone asserted that the operation would be attempted could be expected tomorrow. This spokesman also said that "perhaps the 17-year-old girls would be taken to another hospital."

OGLETHORPE ASKS FOR IMPROVEMENT IN PHONE SERVICE

Complaint against the service maintained in Oglethorpe county by the Oglethorpe Telephone company was submitted to the Georgia public service commission at a hearing Tuesday by a delegation of citizens of that county. The members of the commission promised the delegation that they would act promptly on the complaint and endeavor to see that the service is improved.

STARNES NAMED HEAD OF JUNIOR MECHANICS

Oscar Starnes, of Atlanta, was elected state councilor of the Junior Order, United American Mechanics, at the opening session Tuesday of the thirty-fifth state convention of the order in the Ansley hotel. Other officers who were elected at the first business session were: Edward Wright Savannah, state vice-councilor; Dr. M. D. Collins, Fairburn, chaplain; S. E. Doolittle, Augusta, secretary; W. B. Williams, Newnan, conductor, and O. M. Puckett, College Park, treasurer.

The opening of the convention was attended by more than 500 members of the Junior Order, the feature of the program being an address of welcome by Mayor I. N. Ragsdale. A banquet was held at the Ansley Tuesday evening at which John A. Boykin and Senator Ed R. Rivers were both speakers. Robert B. Blackburn was toastmaster. It was decided to hold the 1929 convention of the order in Savannah.

Among the prominent visitors from out of the state were Omer C. Stubb, of Kentucky, vice councilor of the national organization; John D. Feather, also of Kentucky, former state councilor of that state, and Andrew J. Bethen, of Columbia, S. C., member of the national law committee.

The Daughters of America, ladies auxiliary of the Junior Order, who also were in convention at the Ansley hotel during the past two days, elected Maggie Haley to serve as state councilor for the ensuing year, succeeding Ada Radford, retiring councilor. The convention of the ladies' auxiliary closed Tuesday night with a banquet and dance at the Ansley hotel.

MAN STRUCK DOWN BY HIT-RUN AUTO; DRIVER IS SOUGHT

C. J. Grier, of 92 Solomon street, reported to police Tuesday afternoon that he had been struck down and severely bruised by a hit-and-run automobile shortly after noon Tuesday as he was crossing Piedmont avenue at Decatur street. Grier told police that the automobile that struck him carried Alabama license No. 4535. Police are searching for the automobile and driver.

RAGSDALE PARK PROBE BODY MEETS SATURDAY

The special councilmanic committee investigating the purchase of the Perkerson tract, known as Ragsdale park, met at noon Tuesday in the office of Alderman W. B. Hartfield, chairman, and reviewed the stenographic reports of the recent meeting of the committee at the city hall, including the testimony of the several witnesses.

After a discussion of the lengthy SEMI-ANNUAL STATEMENT for the six months ending June 30, 1928, of the condition of the

report it was deemed necessary to hold another meeting, which will be called at 10 o'clock Saturday morning, at council chambers, in the city hall, it was announced.

At this time Councilman C. M. Ford, of the tenth ward, again will be called to the witness stand. Sam P. Cronheim, realtor, who handled the deal, and J. A. Smith, president of the Sylvan Hills Civic league, both of whom testified at the recent investigation meeting, also will be called back to the stand for further questioning by the committee.

WEEK-END EXCURSION
One and one-third fares for the round trip between all stations on GEORGIA RAILROAD —(adv.)

Union Central Life Insurance Co.
OF CINCINNATI, OHIO

moths
roaches

THESE INSECTS are carriers of deadly disease germs and dangerous to life and health... spray the pests with **GULF VENOM**

Harmless to Humans... and Stainless

Gulf Refining Company

At All Good Stores

If all your roaches were one roach

PICTURE it standing there, a monster. Its feet reeking with the muck of sewers—see it crawling into your spotless dining room. Fancy it pawing over the food that you and your family must eat.

Roaches are no less disgusting because they are smaller than this giant of your fancy. But, thank heavens, they are easier to kill. There is a sure death penalty for them.

Bee Brand Powder or Liquid offer two sure methods of destroying them. "Each is the most effective insecticide of its kind."

Remember—both kill them—and other insects.

Use either for indoor use. The Liquid has a delightful fragrant cedar odor. On plants and pets use the Powder. They are harmless to mankind and to domestic animals. Non-poisonous. Won't spot or stain.

HUSBAND DEFENDS ACCUSED SPOUSE

Charlotte, N. C., August 14.—(AP)—L. W. Pridden, whose wife is charged with poisoning him with arsenic, today defended her in an alleged plot uncovered here last week, today characterized the charges against Mrs. Pridden as "absurd."

"There's nothing to it," he said in a statement today. "I will go to court to testify that I know my wife did not attempt to poison me. There's absolutely nothing to the trumped-up charges against my wife. They're absurd."

Pridden declared that his illness came from a watermelon he had eaten earlier in the summer. Every member of his family was aware of this, he declared, and several of them suffered similar ailments after eating the melon. His physician also attributed his illness to this cause, he said.

Mrs. Pridden, Daniels and four others charged with murder or conspiracy to murder, will be given a preliminary hearing tomorrow. Daniels is charged with murder in connection with the death of L. M. Lockamy last June. Lockamy's wife, Mrs. E. F. Presley, and her present husband, also are charged with the murder.

The others charged with conspiracy for the alleged poisoning of their spouses, besides Mrs. Pridden, are Mrs. R. B. Towney, of Thomasboro, N. C., and J. H. Moore, a negro preacher, of Newton, N. C.

tomorrow, Senator George of Georgia, Thursday and Senator Welch of Montana, on Friday. He doubts whether it will be possible for him to get away from Albany for a week-end rest before his notification.

On Thursday, August 23, the day after that ceremony, the governor plans to go to New York, remaining over night before proceeding to Seaside, N. J., to attend a big democratic rally and review national guard troops on Saturday, August 25. It is his intention to remain on the New Jersey coast over the weekend, and possibly to return to Albany before going to Syracuse. Beyond the state fair engagement he has no definite plans, and does not know as yet where he will spend Labor day or when he will start out on his campaign travels.

"About you counting on taking a vacation before you begin touring?" Smith was asked by a newspaperman.

"I'm not counting on anything," he replied. "I'm just going along from day to day doing the best I can. Besides, I don't know where to go for a vacation. I probably wouldn't get any rest even if I did go away somewhere."

STRATON ON WARPATH OVER LIQUOR STORY

New York, August 14.—(AP)—The Rev. John R. Stratton, pastor of the Calvary Baptist church, was on the warpath today when he was informed that liquor had been purchased in his name at a hotel near Greenwood Lake, N. Y.

The clergyman, whose recent sermon criticizing Governor Smith drew the governor's disapproval, said he had bought a quart of whisky over the hotel bar. Amazed, Dr. Stratton said he would out the lessee of the hotel if the charge could be proved. "Then he appealed to various authorities and was finally advised to swear out a warrant and have the place searched."

"The liquor interests may have put the proprietor of the hotel up to this because of my discussion with Governor Smith," the pastor of Calvary Baptist church was quoted.

"If this is so, it is a clever conspiracy."

Although he did not indicate what action he might take against the proprietor of the hotel, the minister blamed delay in getting action on the repeal of the Mullan-Cage act, the state's enforcement law. Governor Smith signed the repeal several years ago.

"What can you expect in a state where there is no enforcement law?" the minister quoted Dr. Stratton.

Governor Smith has weakened the hand of officers of the law in the state. This situation is an illustration of the disaster which has overtaken us on account of the revocation of the enforcement law."

Dr. Stratton, said the newspaper, added that he had been in the bar of the hotel, but thought it was dispensing only soft drinks.

HARRISON DENIES PARTIAL DISFRANCHISING

New York, August 14.—(AP)—Senator Pat Harrison, of Mississippi, a member of the advisory committee of the democratic national committee tonight issued a statement denying assertions made at a republican meeting in San Francisco yesterday that democrats in Texas and other southern states were deserting their party.

"The rainbow picture of possible republican victory in Texas rests only in the imagination of those who hope to drive a wedge into the democracy of that state," Senator Harrison said. "It is a picture that the republican organization from San Francisco and elsewhere was propagandized in such fashion. The idea of the republican national ticket having a majority of over 100,000, on any other figure, does not harmonize with any reports from Texas."

"Every report coming to our headquarters indicates that Governor Smith and Senator Robinson will carry Texas by just a substantial majority as the democratic ticket there has in the past."

"It is true there is some defection in Texas growing out of the attitude of certain democrats in that state who have been misled by republican propaganda, carried on through certain organizations which are being financed by the republican party, or republican financial force. But this defection will only stimulate democrats to greater efforts and insure more intense and effective organization."

"What is true of democratic success in Texas is likewise true in North Carolina and all the other southern states. At no time in this generation have the real, true and loyal democrats of the south responded as they have during the last ten days."

"Following the acceptance speech of Governor Smith there will be immediately put into operation in every southern state a most effective organization, down to the precincts."

WILLIAM ALLEN WHITE FIGHTS BY CABLE

New York, August 14.—(AP)—William Allen White, Kansas editor who recently made numerous charges against Governor Smith, denied in a cablegram to former Governor Henry J. Allen, of Kansas, made public today, that he had ever retracted any of his charges. The cablegram follows:

"In my case against Governor Smith I have made no retraction. On the prostitution issue I proved my case, got conviction and suspended the sentence. I only did this because I felt that a debate on the subject of lottery was not worthy of a presidential campaign. But if Governor Smith were to wisecrack his way out of his record I shall come back at him with the proven evidence."

"The complete photostatic transcript of the Smith record is in New York, and I will order it produced if the democratic candidate sets up."

In a statement issued on July 31 White said he had learned that Governor Smith was "deeply aggrieved that I should charge him with protecting gambling and prostitution in his assembly record." The governor's feelings, the editor said, had been conveyed to him by Walter Lippman, of the New York World.

"I can understand," said Mr. White's statement, "after considering what Mr. Lippman said, that the governor in casting those votes against those reform bills might honestly have felt that the bills were unconstitutional, or were not enforceable, or infringed upon personal liberty or encouraged political blackmail."

"But Governor Smith certainly is entitled to fair treatment. I always have tried to fight fair. I have never consciously questioned any man's motives and so this morning before the morning papers have come and before I know what, if any, reply Governor Smith has made to my statement of yesterday, I desire to withdraw my charges formally so far as they affect his votes on gambling and prostitution but not his position as to the saloon."

MORE DEMOCRATIC FUND AIDS NAMED

New York, August 14.—(AP)—Two New Yorkers and one Californian have been selected as additional vice chairmen of the democratic national finance committee, Herbert H. Lehman, director of finance, announced today.

Percy S. Straus, vice president of R. H. Macy and company; Charles H. Sabat, chairman of the board of the Guaranty Trust company; and James D. Pellan, former senator from California are the three new vice chairmen of the committee, of which

Mark Eisner has been designated secretary.

Mr. Lehman also announced the following additional state directors of finance:

For Massachusetts, Arthur Lyman, of Boston; New Hampshire, John W. Emery, of Portsmouth.

For Alabama, Clarence H. Mullins, of Birmingham; Delaware, Josiah Marvel, of Wilmington; Florida, C. M. Hardee, of Tampa; and Kansas, John Robert Ewing, of New Orleans.

Mississippi, J. B. Stirling, of Jackson; Ohio, Claude Meeker, of Columbus; Pennsylvania, J. W. Halloran, of Salt Lake City; Wyoming, P. J. Quilty, of Commerce; Canal Zone, C. J. Boyle, of Balboa Heights, and Philippine Islands, Judge James Ross, of Manila.

CHARLES BRYAN
TO SUPPORT SMITH.

Danabrog, Neb., August 14.—(AP)—Charles W. Bryan, candidate for governor of Nebraska and democratic vice president of the national committee, today said that he would support the democratic ticket from the president down.

Mr. Bryan, who has been campaigning for several weeks, talking mostly on economic issues, said he believed the democratic ticket would win on economic questions, specifically farm relief.

"The prohibition issue, which I have opposed to having injected into national campaigns, was brought to the fore by the republican party in order to keep the campaign on a high level away from the real issue of the campaign—an economic issue. They wanted to do this so they could have the government four years longer but if Nebraska can be taken as an indication they will fail in their effort this year."

CATTS DENIES BOLT
OF DEMOCRATIC PARTY.

Jacksonville, August 14.—(AP)—Sidney J. Catts, defeated candidate for the gubernatorial nomination in the state democratic primary last June, and his state campaign committee, will give their support to the democratic party of Florida in the general election campaign, it was announced here tonight by J. V. Burke, manager for Catts.

The announcement was made in a letter, which Burke said would be mailed to friends and supporters of Catts throughout the state.

Referring to rumors that Catts might bolt the democratic party and run as an independent candidate in the November election, the letter stated that "After making a thorough canvass of the voters of the state, we are satisfied that if Hon. Sidney J. Catts was drafted as an independent candidate for governor, it would only result in splitting the democratic vote," and electing W. J. Howe, the republican gubernatorial nominee.

The letter signed by Burke, Fred O. Eberhardt and Carl Morris, as members of Catts' campaign committee, declared that the statement "after considering all angles, we are convinced that the best thing for all of us to do at this time is to give our support to the state democratic party."

DU PONT GIVES \$50,000
TO DEMOCRATIC FUND.

New York, August 14.—(AP)—Pierre S. Du Pont, of Wilmington, Del., who is on a leave of absence as chairman of the board of General Motors corporation and who recently declared his support of the candidacy of Governor Smith, has contributed \$50,000 to the democratic campaign fund. This was announced today by John J. Raskob, chairman of the national committee.

Mr. Du Pont's donation is the largest contribution on record this year. The two largest donations heretofore were \$10,000 each, one by John D. Ryan and the other by John T. Smith, counsel for the General Motors corporation.

When Mr. Raskob made the announcement today he was asked if he thought there should be any limit fixed on the amount of campaign contributions. He replied that he saw no objection to a campaign contribution of any size providing that the money was used properly for legitimate purposes, such as "selling the issues" and the candidate to the people through education.

U. S. SENATOR STANDS
BEHIND GOVERNOR SMITH.

Florence, S. C., August 14.—(AP)—Declaring that the fundamental principles of the democratic party were founded must be maintained at all costs, United States Senator Ellison S. Oniz, in a statement today to the Morning News Review voiced unqualified allegiance to the party ticket in the national campaign. He expressed a willingness to take the stump in support of the nominees.

While I consider it unfortunate that we have chosen a man as our presidential candidate whose attitude on certain questions is so distasteful and so objectionable to certain democrats as to have caused a very deplorable condition in the party, I am not distressed about it. Senator Oniz said. "For" statement continued, "when we consider what the democratic party as a political organization stands for, and what it has stood for, and what it meant particularly to the south during the dreary days of reconstruction the party which the republicans have maintained, I individually, recognizing and believing that a serious condition confronts us, prefer to support my party than to give even negative support to that party under whose power the south so fearfully served, and which party since the civil war has produced the most deplorable impoverishment the masses have ever known, and the proper distribution of the wealth flowing from our natural resources."

"We, as a party, are thoroughly competent to fight out our differences and problems within our own ranks, and I believe there is a sufficient number to maintain the best moral, social and political interest of the people and to overcome any temporary great progress that this country has made toward sobriety and decency."

2 BOYS ABANDON
PRISON ESCAPE;
TURN IN TOOLS

Greensburg, Ind., August 14.—(AP)—Wallace Cobb, 15, and Roy Windham, 14, both of Chattanooga, Tenn., prisoners in the county jail here, charged with vehicle taking, today handed jailers several saws and a pistol, which they said had been given them by Otis Monrode, 14, of Louisville, Ky., for making their escape.

The youthful prisoners declared that Monrode, who had been admitted to spend a night at the jail, returned this morning with the saws and the weapon, which he passed in through a window. Sometime later, they said, they decided to abandon the idea of escape and turned in the smuggled equipment.

MORRIS BROWN DRIVE FOR FUNDS UNDER WAY

The monthly meeting of the A. M. E. Ministers union of Atlanta at Big Bethel church Tuesday with Rev. C. D. Thornton, vice president, presiding, was featured by Bishop Fountain's address on "Ministerial Efficiency, Cooperation and Church Loyalty."

Beginning the financial drive for the Morris Brown university, Bishop Fountain and J. S. Flipper, D.D., made substantial donations, followed by the ministers' union.

The program began Tuesday night with a sermon by the Rev. G. B. Hannan, of Statesboro, who delivered a well prepared address on "Spiritual Essentials: 2. Spiritual Growth."

Revs. R. Lee, R. J. Jefferson, J. S. Bryan and T. J. Linton assisted in the devotion.

Dr. J. H. Lewis, president Morris Brown university; Dr. C. G. Wiley, Macon; Mrs. John Harmon, A. P. Solomon, W. J. Williams and W. J. Tomlin, presiding elders, and Drs. W. B. L. Clark and J. L. Butler were seated on the rostrum.

OHIO, ARKANSAS COUNT BALLOTS

Continued from First Page.

ner who generally was looked upon as the enigma in the republican gubernatorial race, was running a poor third with 15,515 votes in 1,033 precincts. The three other candidates were hopelessly in the rear of Turner.

Peter Witt, of Cleveland, who had been generally expected to place third in the democratic gubernatorial race, was running second to Davey, leading Bloom by about 900 votes in 1,108 precincts. The other two candidates were trailing. The vote was: Davey, 9,781; Witt, 5,510; Bloom, 4,087.

Former Senator Theodore E. Burton, of Cleveland, held an impressive lead of more than 7,000 votes over Carrington T. Marshall, chief justice of the Ohio supreme court and his closest opponent for the republican short term senatorial nomination.

GOVERNOR PARNELL LEADS IN ARKANSAS

Little Rock, August 14.—(AP)—Governor Harvey Parnell was leading in his race for re-nomination tonight on the face of returns from 51 precincts out of 2,039 in today's democratic primary. These gave Parnell 2,819, Brooks Hays 1,520, J. Carroll Cone 884, and former Governor Tom Fernald 783. The three other candidates were far behind.

For lieutenant governor: Casart, 623; Hill, 449. Attorney general: Rottenberg, 125; Bernhardt, 38; Norwood, 453; Carter, 231; Holland, 174. Secretary of state: Higgins, 607; Reeves, 392; Spraggins, 84.

Vote is Heavy.

Fair weather brought out an unusually heavy vote in which nominees for state, district and county offices with the nomination equivalent to election to all state and district offices.

The number of women voters swelled the total vote to what was believed to have exceeded the 219,000 cast in the primary two years ago and to nearly the record established a few years ago when the Ku Klux Klan was a dominant issue.

Some candidates for state office claimed the heavy feminine vote would determine the outcome in some races, notably that for governor, in which there were seven candidates.

Few Challenges.

Reports from over the state generally indicated comparatively few voters were challenged by election officials for their refusal to pledge support to the national party nominees, Governor Smith and Senator Robinson. Party officials in some counties had announced voters would be required to pledge support of the national ticket, but indications were the rule followed in most places was to challenge only those democrats who had been especially outspoken in their opposition to the national ticket. One of such voters in Little Rock became indignant when his vote was refused and went to the court house with the announced intention of seeking court action to compel the acceptance of his vote but when he was unable to find a judge he went away without taking any action.

Ticket Is Long.

One of the longest tickets on record in the state greatly delayed the reporting of returns. Although the governorship was the most sought after, with seven in this race, four and five candidates were in several of the other state races.

The most active candidates for governor were Governor Harvey Parnell, Rottenberg, 125; Bern

BLAST IN POTTERY PLANT KILLS ONE

Hammond, Ind., August 14.—(AP)—One man was known to have perished in an explosion which wrecked the plant of the Indiana Sanitary Pottery company here this afternoon and police said possibly two or three others may have been killed.

The explosion was followed immediately by fire and police began an investigation on the theory the plant was blown up by plotters. The plant was closed down Saturday following a dispute between its operators and employees.

It was at first reported from eight to 15 had perished, but a checkup showed only one known dead.

The plant occupied a two-story brick structure which covered a half block.

DEMILLE MARRIES SCENARIO WRITER ON SANTA FE TRAIN

Albuquerque, N. M., August 14.—(AP)—William C. DeMille, motion picture producer, and Clara Bow, scenario writer, were married in the drawing room of a westbound Santa Fe passenger train as it stopped here today.

DeMille reached here last night from Los Angeles and arranged to have the county clerk at the train with the marriage license and a justice of the peace to perform the ceremony.

When the train arrived the three boarded it and went to Miss Berninger's drawing room, where the ceremony was performed. She had come from New York city.

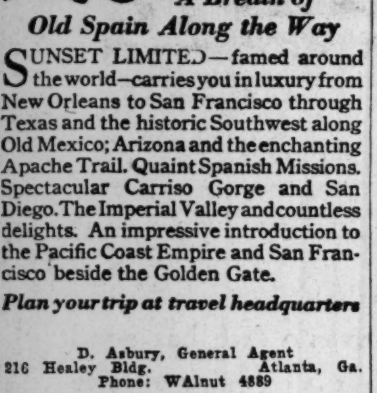

An effort was made to keep the marriage secret. Mr. DeMille accompanied his bride on to Los Angeles.

DEMOCRATIC LEAGUE FOR HEARD COUNTY

Franklin, Ga., August 14.—(Special)—Heard county democrats met in the courthouse on Saturday and organized a democratic league. E. E. Lewis was elected chairman and A. J. Huchabee secretary. They invited the democratic executive committee of Heard county to meet with them Wednesday, August 22.

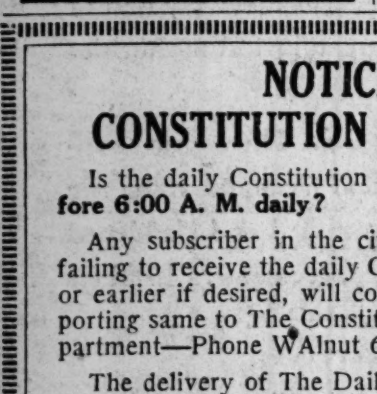

SUNSET LIMITED
to California
A Breath of Old Spain Along the Way
SUNSET LIMITED—famed around the world—carries you in luxury from New Orleans to San Francisco through Texas and the historic Southwest along Old Mexico, Arizona and the enchanting Apache Trail. Quaint Spanish Missions. Spectacular Carrizo Gorge and San Diego. The Imperial Valley and countless delights. Pageant Queen.

Miss Kittle Stubbs, of Sumter, S. C., was declared queen of Lake Junaluska, N. C., for 1923, in an election staged by the Southern Methodist conference there.

UNIVERSITY YEARBOOK TO BE OUT THURSDAY

Athens, Ga., August 14.—(AP)—The 1923 edition of the Pandora, senior year book of the University of Georgia, will be ready for distribution by Thursday, August 16, it was announced today. The book is reported to contain many innovations of art and editorial work, delay in issuance being ascribed to the additional time entailed by these features.

Thomas J. Hamilton, Jr., of Augusta, is editor of the book.

The Pandora was dedicated this year to John Morris, professor of German at the university, and generally recognized as one of the outstanding scholars of the south. The dedication was written by Dr. R. P. Brooks, dean of the school of commerce and life-long friend of Professor Morris.

John Held, Jr., noted illustrator, whose work appears in leading periodicals, served as judge of the Pandora beauty section, which was confined to the women students at the university.

First prize was won by Miss Josephine Brooks, of Athens. The other five chosen by Mr. Held are Miss Nora Fortson, Athens; Miss Wilhelmina Macken, Augusta; Miss Martha Jane Polson, McLees; Miss Sadie Meyers, Athens.

Besides Editor Hamilton the Pandora staff was composed of William H. Young, Jr., Columbus; Broadus B. MacAfee, Aragon; Jesse W. Drew, Preston, business manager, and the following associate editors: A. Jackson Matthews, Cuthbert; J. Durward Watson, Statesboro; Thomas F. St. John, Athens.

Pointed to with much pride by the editorial staff as the book's feature is a grouping of 14 oil paintings, reproduced in full color, and portraying the history of the university from 1785 when the charter was granted to 1924 when Memorial hall was dedicated.

BIG CROWDS HEAR DAILY PREACHING AT SALEM GROUNDS

Covington, Ga., August 14.—(Special)—Large crowds continue daily to attend the 100th session of Salem Camp meetings, now in session at the camp grounds between this place and Conyers.

The Rev. Nate Thompson, pastor of the Wesleyan church at Augusta, and the following associate editors: A. Jackson Matthews, Cuthbert; J. Durward Watson, Statesboro; Thomas F. St. John, Athens.

On Sunday Bishop Warren A. Chandler preached on "The Love Inspired by Forgiveness," to a crowd which overflowed the arbor, which seats between 1,500 and 2,000 people.

The camp meetings, which opened August 10, will continue through the morning service of Friday, August 17.

35 MILES AN HOUR LEGAL SPEED LIMIT ALONG BOULEVARD

Chicago, August 14.—(AP)—Thirty-five miles an hour, which used to be regarded as a suicidal city speed, has been established as a legal limit on portions of the Lincoln Park boulevard system, starting today.

Lincoln park commissioners believe this is the first time such a speed has been legalized within the corporate limits of a large American city.

"More speed and less danger" are the objectives the board hopes to attain. Traffic using the outer drive from the loop to the 4,000 block north will be permitted to travel 35 miles an hour. Motorists who prefer a slower speed may follow the inner drive through the park, where 25 miles an hour will be enforced.

Carl Ames, secretary of the board, said the speed limit is expected to reduce the number of park accidents, which now average 100 a month.

NOTICE TO CONSTITUTION SUBSCRIBERS!

Is the daily Constitution delivered to you on or before 6:00 A. M. daily?

Any subscriber in the city of Atlanta and suburbs failing to receive the daily Constitution by 6:00 A. M., or earlier if desired, will confer a special favor by reporting same to The Constitution, City Circulation Department—Phone Walnut 6565.

The delivery of The Daily Constitution is made between 3:00 and 6:00 A. M., and the completion of this delivery by each and every carrier by not later than 6:00 A. M. is demanded by The Constitution.

The Constitution subscribers living in towns outside of Atlanta and which are served by The Atlanta Constitution trucks are also entitled to early morning delivery, and any subscriber failing to receive The Constitution as early as he believes he should have it, arrival of truck considered, should notify The Atlanta Constitution by letter at once.

Many of the towns so served should have a delivery by not later than 6:00 A. M. The towns served by truck service receive the final or the very same edition that is delivered to Atlanta subscribers.

THE ATLANTA CONSTITUTION, Atlanta, Ga.

G. O. P. IN TEXAS PICKS NOMINEES

Fort Worth, Texas, August 14.—(AP)—T. M. Kennerly, prominent attorney of Houston, today was designated as the republican nominee for the United States senate, at the republican state convention here today.

Kennerly's opponent will be chosen at the democratic run-off primary August 25 when Congressman Tom Connally will oppose Senator Earle B. Mayfield, the incumbent. In the first democratic primary Connally ran second to Mayfield.

The republicans chose W. H. Holmes, independent of today's of Amarillo and the party candidate for lieutenant governor in 1920, to run against Governor Dan Moody, democrat, who is seeking reelection.

Mr. Moore, a member of the Texas delegation to the republican national convention at Kansas City, has been identified with women's political activities in the state.

C. O. Harris, San Angelo attorney, was the republican choice for attorney general.

No primary will be held by the republicans in Texas this year.

Announcement by Love today of his withdrawal as a candidate for the democratic nomination for lieutenant governor marked the exit of the last democratic aspirant for state office who had taken a stand against the election of the national standard-bearer, Governor Alfred E. Smith, of New York.

Other candidates entered in the run-off primary have announced they would vote for Governor Smith. Mayfield and Connally both have promised to work actively for the presidential nominee.

Mrs. Edith Wilkins and Judge William Hawkins, candidates for gubernatorial nomination who had said they would not vote for Governor Smith, were defeated in the first primary recently.

STUDENT LOAN FUND SHOWS FINE GROWTH

Athens, Ga., August 14.—(AP)—Since the then United States Senator Joseph E. Brown established a student loan fund of \$50,000 in memory of his son at the University of Georgia in 1883, an even score of additional funds have been added through the years to produce an aggregate available sum for such purposes of \$434,556.07, the Associated Press has learned from information furnished by T. W. Reed, registrar of the university.

University authorities point to sagacity of investment and general responsible characters of loan fund applicants to the accumulation of a round \$140,000 in earnings of the aggregate funds, for the aggregate total of the original foundations totaled \$294,556. The accrued aggregate of the 21 funds now represents an "earning through bond investment and interest on individual students' notes of 47.5 per cent, computations show.

Since establishment of the Charles McDonald Brown fund in 1883, a total of 1,205 students at the university have availed themselves of higher education through the use of loans. Mr. Reed's records show. It is understood that this number of benefited students does not take into consideration the unrecorded names of youths who have benefited and proceeded on to attainment of degrees through use of funds advanced by alumni and other interested parties whose efforts are not listed on the fund books of the university.

The development of the Charles McDonald Brown fund is regarded as little less than phenomenal by those who have studied its rapid growth. Founded originally at \$50,000, the fund after 45 years has reached the figure of \$288,385.51. One thousand students have been helped by the fund, which is invested in bonds to the figure of \$163,900, while \$40,000 is in students' notes not yet due.

Another fund to show a less phenomenal but remarkable development is the W. S. Denmark fund, founded by Brantley S. Denmark, of Savannah, in memory of his son, whose name it bears. An original fund of \$5,000 established in 1901, now amounts to \$10,047.35, of which \$8,000 is invested in bonds and the remainder in students' notes and uninvested cash.

In but seven years the A. F. Churchill loan fund has grown from \$15,000 to \$10,073.72, and has speeded 21 students along the educational path through its benefits.

The Edward Gilmer Dawson foundation of \$130,000 in income for the Georgia State Agricultural college, branch of the university, has attained since 1920 the proportions of \$151,270. It is invested in bonds, \$126,384; stocks, \$12,090, and real estate and uninvested cash form the remainder. The fund was established in 1920.

Twenty-two students have benefited from the university's one-third share of the Thomas E. Mitchell educational fund of \$125,000, founded in 1920. Georgia School of Technology and the Georgia State Woman's college each have a third share of the fund, which has earned \$32,235 from bond and stock investments and interest from loans at the three schools.

Although it was the latest to be established, the alumni loan fund of \$15,100, set up in 1922, has already been made available to 40 students who are now enjoying its benefits.

In none of the earnings cited is accrued interest on student notes included. Mr. Reed, treasurer of the funds, points out.

GEORGIA TO SEND HEALTH WORKERS TO BILOXI MEETING

Georgia will be among the 13 southern states sending tuberculosis and health workers to Biloxi, Miss., for the annual conference of the Southern Tuberculosis and Sanitation association September 12-15, it was learned Tuesday from Dr. J. P. Faulkner, managing director of the Georgia association for suppression of the "great white plague."

Dr. Faulkner will preside over one of the clinics at Biloxi, he said, and will deliver an address. He expects at least a half-dozen workers active in the crusade against the disease in this state to be in attendance at the four-day meet, he explained, among them probably Dr. E. W. Glidden, head of the state tuberculosis sanitarium, at Alto.

SHOP OF STRIKERS WRECKED BY BOMB

Hammond, Ind., August 14.—(AP)—An explosion, believed to be of incendiary origin, today wrecked the plant of the Indiana Sanitary Pottery company, causing damages estimated at \$250,000. Police were unable to enter the building because of fire that broke out immediately after the blast, but it is believed that no one was in the building.

The plant was closed Saturday because of a labor dispute between its operators and employees, and police are now investigating the theory that the plant was blown up by plotters.

J. C. Newar, brother of the president and an official in the company, left the plant shortly before the explosion. He stated that there was no one in the building when he left.

It was first reported from eight to 15 men had perished in the explosion. A complete investigation will be made. The officials did not state the nature of the labor dispute.

The pottery plant occupied a two-story brick building. The structure was virtually destroyed by the explosion and fire.

SOUTHAMPTON LADY MAYOR SETS SAIL FOR NEW YORK CITY

Southampton, England, August 14.—(AP)—Mrs. Foster Welch, Southampton's lady mayor, and her daughter sailed for the United States today aboard the S. S. Leviathan for a visit that will include New York, Philadelphia, Washington, and other cities.

As she stepped aboard clad in the full official red robes and the cloth of office, her special flag as the chief official of Southampton was broken from the Leviathan's foremast. Her office is one of great authority and she is not only chief magistrate of the city, but also admiral of the port and flies her own flag, which has silver or as the symbol of her position.

Mrs. Welch carried two wreaths, one for Washington's tomb and the other for the tomb of the Unknown Soldier at Arlington.

Want Power Line.

Waycross, Ga., August 14.—(Special)—A movement has been started in Nabunata, county seat of Brantley county, to have the Georgia Power and Light company extend its lines from Waycross to that city. Lines have already been extended from Waycross to Homerville, Wareboro, Blackshear, Patterson, Oglethorpe, Seveon, Jessy and Odum and are now being extended to Pearson.

The program will include two baseball games. At 10 o'clock this morning the Bigly Wiggly outfit will meet a team made up of independent grocers, and at 3 o'clock this afternoon the Rogers team will play the A. & P. nine. Other entertainment on the program includes a track meet and several freak contests. An orchestra will furnish music during the afternoon events, and to top off the festive day a dance will be given tonight at the pavilion.

Warnings of Great Flood In India Prove False Alarm

BY G. M. DYCE-KEHELE.
United News Staff Correspondent.
Karachi, August 14.—(United News)—Misinterpreted bonfire signals from the mountain-tops of the Sirook glacier district to warn Indus valley inhabitants that millions of gallons of water might momentarily pour down the valley through a bursting of the dam have sent thousands of panic-stricken natives scurrying to the mountainside to escape a danger which did not materialize.

For months past sentinels piled high the dry wood to be lighted when the mass of water lying behind the artificial dam-head of ice should break away and go pouring down the valley. It was on Monday night the guards realized cracks might momentarily bring a break of the dam. The fires were lighted and almost as fast as any modern means of communication, the ancient savage signal of distress carried the news to the far corners of India with its 30,000,000 inhabitants.

No Break in Dam
Efforts were immediately made to learn the exact state of affairs which the "flood" was leaving in its wake, but a careful tracking down of the report into the mountains revealed the fact of a false alarm among the natives in the future.

GROCERS TO CLOSE FOR OUTING TODAY

The Atlanta housewife who failed to buy two days' supply of groceries Tuesday will have to borrow from her neighbor, because all grocery stores will be closed today, and the grocers will enjoy their annual picnic at Mosley park, which is being sponsored by the Atlanta Food Promotion club.

Neighborhood grocers, independent grocers, chain store grocers and wholesale grocers with their families, will join hands to make this the biggest outing of its kind in the history of Atlanta.

The program will include two baseball games. At 10 o'clock this morning the Bigly Wiggly outfit will meet a team made up of independent grocers, and at 3 o'clock this afternoon the Rogers team will play the A. & P. nine. Other entertainment on the program includes a track meet and several freak contests. An orchestra will furnish music during the afternoon events, and to top off the festive day a dance will be given tonight at the pavilion.

CUBA PLANS SENDING AVIATOR TO MEXICO

Havana, August 14.—(AP)—The Cuban government is planning a return visit by one of its aviators as a sign of gratitude to Mexico for the goodwill flight here of Major Roberto Fierro. The war department proposed to spend \$150,000 for three multi-motored planes capable of long distance flights.

One of the planes would be destined for a hop to Europe provided the Mexican flight is successful. It was learned at the department today that Captain Eduardo Laborde, of the Cuban aviation corps, would probably be selected to return Major Fierro's visit next month.

The Mexican flier was again the center of a number of social events today. He was the guest of the secretary of war at noon and had engagements for this evening at the Officers' club of Camp Columbia, the army air field, and at the Havana Reporters club.

Wherever the Mexican flier goes, he is acclaimed by crowds of Cubans who show no diminution of the fever with which they greeted him and his plane, "The Baja California," when he arrived here Saturday evening.

The fires were lighted and almost as fast as any modern means of communication, the ancient savage signal of distress carried the news to the far corners of India with its 30,000,000 inhabitants.

No Break in Dam
Efforts were immediately made to learn the exact state of affairs which the "flood" was leaving in its wake, but a careful tracking down of the report into the mountains revealed the fact of a false alarm among the natives in the future.

The government sent out airplanes from Peshawar and Rasalpur to warn the peasants of the impending danger and in many districts further down the river and away from immediate danger they either evacuated their homes or prepared to do so. Troops were mustered to assist the frightened people in their flight.

While the irrigation department of the Punjab government does not believe the glacier will burst before September, airplanes have been dispatched to Leh in "spotter" to survey the entire situation and prevent a repetition of a false panic among the natives in the future.

GEORGIAN NAMED AS TEAM MEMBER AT RIFLE MATCHES

Thirteen boys, including one Georgian, William Thompson, of Eastman, have been selected to represent the fourth corps area at the national rifle matches at Camp Perry, Ohio, August 20 to September 16, the choices being made by Major General Richmond P. Davis, commander of the corps. The 13 were attendants at the citizens' military training camps this summer, and will represent the southeastern states as members of the fourth corps area. They were chosen from a field numbering 4,000 C. M. T. C. attendants.

One of the planes would be destined for a hop to Europe provided the Mexican flight is successful. It was learned at the department today that Captain Eduardo Laborde, of the Cuban aviation corps, would probably be selected to return Major Fierro's visit next month.

The Mexican flier was again the center of a number of social events today. He was the guest of the secretary of war at noon and had engagements for this evening at the Officers' club of Camp Columbia, the army air field, and at the Havana Reporters club.

Wherever the Mexican flier goes, he is acclaimed by crowds of Cubans who show no diminution of the fever with which they greeted him and his plane, "The Baja California," when he arrived here Saturday evening.

DR. GILBERT CLARK DIES AT HOSPITAL

Dr. Gilbert Lawrence Clark, 71, retired Atlanta physician, of 142 Georgia avenue, S. W., died Tuesday morning at a private hospital. A native of Shelburne, Vt., Dr. Clark had made his home in Atlanta for more than ten years.

He is survived by his widow; two sons, Chris C. Clark, of Atlanta, and J. C. Clark, of West Palm Beach, Fla.; a daughter, Mrs. M. C. Wiggins, and a granddaughter, Miss Mary Frances Wiggins.

Funeral services will be held at 10 o'clock this morning from the chapel of Awtry & Lowndes company. The Rev. J. B. Allen will officiate and interment will be in Rose Hill cemetery.

INFANTILE PARALYSIS REPORT IS MADE

Berkeley, Cal., August 14.—(AP)—Infantile paralysis may be checked with little injury to patients provided treatment with convalescent serum is given within 48 hours after symptoms are discovered, two University of California physicians reported today to the Journal of the American Medical Association.

The physicians, Dr. E. B. Shaw and Dr. H. E. Thelander, reported that in 17 cases of children exhibiting marked signs of infantile paralysis serum was administered within 48 hours with no deaths or persistent "after paralysis."

In six cases where treatment was given between 48 and 72 hours after symptoms, one died and three showed "after paralysis." In ten cases treated from 72 to 96 hours after discovery two died and three were permanently affected, and in ten other cases treated later than five days after first symptoms two died and seven showed "after paralysis."

The government sent out airplanes from Peshawar and Rasalpur to warn the peasants of the impending danger and in many districts further down the river and away from immediate danger they either evacuated their homes or prepared to do so. Troops were mustered to assist the frightened people in their flight.

While the irrigation department of the Punjab government does not believe the glacier will burst before September, airplanes have been dispatched to Leh in "spotter" to survey the entire situation and prevent a repetition of a false panic among the natives in the future.

HARRY HOLLIDAY DIES ON BOARD STEAMSHIP

Harry S. Holliday, 47, executive secretary of the Southeastern Underwriters' association, died late Monday night on board the steamship City of Birmingham, en route from New York to Savannah, according to a radio-gram received here Tuesday.

Mr. Holliday and his mother, Mrs. John S. Holliday, had been on a vacation trip to New York, sailing for Savannah Monday. They were accompanied by Mr. and Mrs. J. W. Goldsmith, of Atlanta, Joseph S. Raine, secretary of the Underwriters' association, will leave Atlanta today for Savannah, where he will meet the ship when it docks Thursday.

Mr. Holliday was a member of St. Luke's Episcopal church, the Atlanta Athletic club and Atlanta Elks' lodge No. 78.

In addition to his mother he is survived by a sister, Mrs. T. S. Lewis, of Atlanta, and two brothers, J. W. Holliday, of Miami, and R. S. Holliday, of Atlanta.

COAST GUARD BOAT TOWING SCHOONER FOUND DISABLED

New York, August 14.—(AP)—The schooner Charles M. Struven has been picked up at sea in a disabled condition and is being towed here by the coast guard cutter Seneca, said wireless reports today.

The schooner, which is now off the south Jersey coast, was inbound from Port Royal, S. C., with a cargo of lumber. It put in there July 19 disabled and cleared August 2.

The boat, which carried a crew of eight, is owned by Charles M. Struven, of Baltimore, the vessel's home port.

Bogus Jack Wilson Is Returned to Gang To Complete Sentence

D. N. Lavallee, who recently claimed that he was the "Jack Wilson" for whom local authorities have searched the country, passed through Atlanta Tuesday in the custody of Deputy Warden E. S. Reynolds, en route to Hart county. Lavallee escaped from the Hart county gang last May. He was serving a term of from three to five years for larceny of an automobile.

WEEK-END EXCURSION

Top of the Morning! J.M. HIGH CO. 45 Years of Faithful Service and Value-giving
Our Terms make it easy for you to pay for your Furniture!

Don't fool yourself:

Since halitosis never announces itself to the victim, you simply cannot know when you have it.

The ring came back— with a bottle

Today, halitosis is inexcusable. People who offend deserve no sympathy . . .

A WOMAN we know took a direct means to settle a matter which she couldn't bring herself to talk about.

She returned the engagement ring—with a bottle. A bottle of Listerine. It carried its own implication.

Brutal? Perhaps. But those who today offend by halitosis (unpleasant breath) deserve not too much consideration. They ignore the facts about it (see below). They refuse to suspect themselves. They fool themselves.

Nice people, fastidious people, people who consider others, recognize the constant risk of offending this way, and keep themselves on the polite and popular side by using Listerine. Every morning. Every night. And between times when necessary—especially before meeting others.

Keep a bottle handy in home and office for this purpose.

Listerine ends halitosis instantly. Being antiseptic, it strikes at its commonest cause—fermentation in the oral cavity. Then, being a powerful deodorant, it destroys the odors themselves.

If you have any doubt of Listerine's deodorant properties, make this test. Rub a slice of onion on your hand. Then apply Listerine clear. Immediately, every trace of onion odor is gone. Even the odor of fish on the hands yields to it. Lambert Pharmacal Co., St. Louis, Mo.

READ THE FACTS

SHAMEFUL ROAD SITUATION.

There are literally thousands of miles of highways in the Georgia state system that are out of commission today, except as a motorist may dare the perils of mud, slippery clay and swollen cross streams in "taking chances."

In Macon scores of automobile parties headed in various southern directions were at a standstill Tuesday, many of them turning back to Atlanta.

One party, en route to the state press convention at Statesboro, found it impossible to get far beyond Macon on the road via Dublin.

The route does not touch the disgraceful Macon-Gray highway which was "completed" as permanently paved only a few months before its disintegration was complete, although this short section of the highway cost \$100,000 to "pave."

It did not touch the Milledgeville section that felt the tail end of the tropical storm over the week-end.

When efforts were made to find another, though a longer route, as via Hawkinsville, Perry and Swainsboro to Statesboro, the party was advised of the perils of "treacherous stretches."

When a proposal was finally suggested to go on the railroad from Macon to Dover and thence to Statesboro, and by motor back to Dover at night to catch a north-bound, the peril of even that short motor trip was advanced.

And thus it is all over Georgia—much that is good, but so much that is bad, and in some instances impossible, that the good is discounted by the bad, and cross-state motoring, or even reasonably long distance motoring, in rainy weather or following rains, is made impossible, or extremely dangerous.

The situation in Georgia again shows the folly, the utter inexcusableness, of the existing plan of building patch-work roads, with sections of paving and mud alternating.

It emphasizes the worse than folly of building temporary roads, mislabeled "paved," that not only are of no service after severe rains, but shortly go completely to pieces, compounding construction and maintenance expenses.

The expense, in wear and tear to rolling stock, and in loss of time, from such a road situation as we have in Georgia, is appalling.

The only correct way is to capitalize the motor resources, make the state the road unit, issue state bonds, to be carried and retired without a dollar of ad valorem, or additional gasoline taxes, and build through-state connected and permanently surfaced highways. There is no other way that is economically sound.

ONLY WAY TO DO IT.

The several heretofore Georgia democrats who have been chosen "electors" by the Ben Davis faction of the republican party machinery in Georgia are to be commended for their bold and courageous stand as republicans.

Mrs. Marvin Williams, president of the state W. C. T. U., and the wife of a prominent Methodist minister of Atlanta, very properly admits that she was approached in advance and agreed to serve, if elected, as a republican elector. It is assumed that the others, including Mrs. Armour, Charles E. Brown and Rev. Dr. Forrester, had agreed in advance to the same thing.

Citizens have a perfect right to desert the democratic party and join the republican party, "open and above board." If they want to repudiate the party of their fathers, the party of refuge in reconstruction, the party of state rights, the party of white supremacy and join the party of Hamiltonian centralization, that is their business, and no objections can be raised. On the other hand their courage in not trying to be democrats and republicans at the same time is refreshing in

THE WORLD'S WINDOW

BY PIERRE VAN PAASSEN

Paris, August.

Balfouriana.
Celebration in England of the eightieth birthday of Lord Balfour has led to the recounting of many anecdotes concerning him. One of these stories, told to illustrate the neatness with which he can be described, is that he has never been late for a dinner. He is a man of the world, and he is a man of the world.

CHAMBLEE'S RETIREMENT.

In the retirement of Alex. S. Chamblee, of Washington county, from the race for the primary nomination for governor, the possibility of a second primary is eliminated. With Governor Hardman and Senator Rivers only in the finals the final decision will be made at the polls on September 12.

Mr. Chamblee, in his first public announcement, declared unequivocally for the national democratic nominees. He came out flat-footedly for a state bond issue for the early completion of the Georgia road system, all to be permanent, and not temporarily, paved. He had a platform of general appeal, sound to the core. But after the other candidates made it clear that they both supported the national democratic nominees he felt that he could better serve as a worker for the democratic national party in Georgia, and retired to enter unselfishly into that service.

"Back"—as he is affectionately known—is a good, strong, courageous Georgian. He is young. His most useful service to the state is ahead of him.

LOVE SEES THE LIGHT.

Thomas B. Love, former national committeeman from Texas, who participated in the Houston convention, knowing that Governor Smith would be the presidential nominee, and knowing his views on all issues before the convention, bolted the party that had honored him.

Though a leading candidate for lieutenant governor before he bolted, he was overwhelmingly defeated in the primary. The high man had declared emphatically for the party nominees.

The bolters and insurrectionists, with a great noise and extravagant claims, then sought to make the "test" of Smith and anti-Smith strength in the state, and proposed that Love "stay in" in runner primary.

The extravagant claim made by the democratic bolters was that Love would be nominated, forecast Texas for Hoover in November.

The story was carried through the country in Tuesday's morning newspapers, and stressed as a great, convincing test of the anti-Smith strength in the state.

But later Mr. Love heard the voice of Texas for the second time. He saw the ground swell. Yesterday he withdrew from the race, admitting that he could not carry Texas.

The show-down came earlier than expected, but it came as the inevitable result of the militant cohesiveness of loyal democracy in the south.

It is a lesson that can well be studied by every bolter in the southern states.

Now Panama is requesting the good graces of the United States to engineer its forthcoming election, just as if we didn't need even the grace of the Almighty in handling our own.

There must be some satisfaction among the malcontents that Al Smith took to water like a duck during his vacation at Hampton Bays.

With DuPont and Raskob aligned with the democratic party it has full claim to the slogan, "The party with the power and the push." Likewise the pull.

If the clergy insists in putting politics into religion we only ask that they put religion into their politics.

Self-preservation is the first law of nature, but the housewife wishes it was the law of the kitchen during the peach season.

Arrested for driving at night without the headlights burning a Jacksonville judge gave the prisoner the extreme penalty for being lit up.

If Curtis puts the Kan in Kansas, Robinson will do the same in Arkansas.

"In the main, prohibition is prohibiting," shouts a reformer. Not on your raging main!

Those that trip the light fantastic toe in dancing marathons are prone to a light fantastic head.

Efforts to revive the bull moose party have been abandoned, but not for the lack of sufficient bull.

Mr. DuPont may be a wet but he kept his powder dry.

The textile workers strike in Massachusetts looms big.

LOOKING AND LISTENING

BY SAM W. SMALL

The Democratic Outlook for Getting Control of the Seventy-First Senate.

Washington, August 14.—(Special.)—The aspect of the national election, and independent of whether Smith or Hoover will be elected, which is supplying serious anxiety to the democratic leaders of the party, is the question of which party will control the next senate.

The senate now stands 47 republicans and 46 democrats. When the next election comes, the republicans will have 47 seats and the democrats 46. It is not until December that the senate will be re-elected.

The republicans are now in a position to assume control of the senate. They have a majority of 47 seats. The democrats have 46 seats. The republicans are now in a position to assume control of the senate.

Health Talks

BY DR. WILLIAM BRADY

Fallen Arches.

Flat feet, broken arches, fallen arches, should be clearly distinguished from weakfoot, pronated feet, weak ankles, discussed in recent articles here. In actual flatfoot the arch has fallen, all right, as everybody can see.

In mere weakfoot or potential flatfoot, the arch

Democratic Leaders Lauded And 'Bolters' Lambasted By Judge W. C. Adamson

Prominent Georgian, New York Jurist, Enthusiastic in His Support of Smith and Robinson.

Judge W. C. Adamson, for many years a member of congress from the fourth Georgia district, but recently retired for life as judge of the United States circuit court, with headquarters in New York, while on his way from Atlanta to Columbus was asked by The Constitution for an expression on the national political situation.

Judge and Mrs. Adamson have just returned from a six months' trip to Europe and will occupy their old home in Carrollton.

Judge Adamson speaks most interestingly of national politics and is enthusiastic in his support of Smith and Robinson for president and vice president. He said:

Adamson's Statement.
"I thank you for not asking me if I am going to support the ticket. It seems strange for so many life-long democrats to be called upon at the present time to reaffirm their faith and allegiance to our party. I have no doubt of the triumph of our party this year, but I don't care to pass judgment on other people or tell you how they ought to vote. I rather prefer to tell you why real democrats vote the democratic ticket and to assure you that no reason exists for any exception this year. The fact is the accessions are far more numerous than the defections and man for man and woman for woman constitute more valuable material, so we profit by the exchange in both quality and numbers. It is unfortunate, however, if any of the bolters were ever sincere democrats, that they should desert at this time when we are assured of enough recruits to guarantee victory."

"Real democrats are such because ours is the only party that has ever professed and practiced the principles of honest government and fairness among the people of the whole country with any hope of permitting some degree of liberty and a large degree of general prosperity. No other party with comparable principles exists, and no party of any pretensions offers any hope of defeating the democratic party. Therefore, if I wanted to quit, I could not do so because there is nowhere else to go."

"Bolting" Unthinkable.
"It is unthinkable that a person grounded in democratic principles, and familiar with the republican party, could quit and go to that party. It has never reformed its practices, changed its principles, nor promised future reform. With every platform and every nomination its corruption is increased and rendered more abominable. Fair minded people who can either remember or have read the atrocities of republican administrations can readily agree with me."

"There is another reason why I could not quit the democratic party under any circumstances. I have been

and administrations, presents a shining example of civic righteousness, electoral honesty, and political decency. "Of course, if a person wants to quit the democratic party and go to the republicans he is at liberty to do so, but no man can go out and vote for the enemy and still claim to be a democrat. In this country the technical meaning of a democrat is a man who votes the democratic ticket when nominated, and, according to Scripture, we have abundant authority for the opinion that a man can't blow both hot and cold. He must be for us or against us."

SUPERIOR COURT TO OPEN AUG. 27

Defendants booked for trial in superior court beginning August 27, when the criminal session reconvenes after the usual summer vacation, include a negro girl who gave herself up when her aunt was arrested on the strength of a family resemblance, a former Boston mail carrier who shot at random for revenge on the government, and three men who wounded a stranger while looking for the alleged abductor of a girl.

This was announced Tuesday by Lewis P. Jones, chief clerk in Solicitor General John A. Boykin's office, who has completed the calendar for the coming term of the superior court.

The negro girl, Willie Pearl Porter, 16, who was charged with shooting to death a negro named Clarence Allen on August 6, 1926, departed Atlanta after the crime.

Arrested in Jacksonville.
Then Jacksonville police, a month ago, arrested a woman positively identified by photograph here as the missing Willie. She was forthwith returned to this city, and the next day officers were astonished to see a counterpart of the woman they held at the Tower walk into headquarters, where she announced herself the true "Willie Pearl Porter."

The Boston mail carrier is Harry M. Deeran, who shot Postoffice Inspector Morgan Griswold in the throat, and Chief Inspector Joe P. Johnston in the chest on July 18, but who later declared he shot in "protest" to his discharge from government employ, and not with "intent to murder" the inspectors.

Both victims have recovered. Deeran will answer to the assault to murder charge, and another carrying a concealed weapon, on August 27, before Judge John D. Humphries.

"Mistaken Identity" Case.

The three men who have confessed to shooting down a stranger are W. O. Heath, J. R. and B. L. Griffin, who say they wounded Johnnie Zink on July 6 when they mistook him for Fred Pair, alleged to have kidnapped Heath's wife. Zink has recovered.

Heath has been unable to make bond, while the two Griffins obtained all their liberty shortly after the shooting. Mrs. Heath, estranged wife of the prisoner, returned from Florida several weeks ago with a story of her abduction and imprisonment. Fair has not been apprehended.

The case of T. R. Blake, accused of beating to death his wife, Emma, while the butt-end of a shotgun on June 16, has been set for trial August 28, before Judge John D. Humphries.

Killed at Neighbors.

Blake and a friend are alleged to have been drinking in the Carey Park home of the former, which caused Mrs. Blake to go to a neighbor's. The murder followed, police say, when Blake followed her and attempted to bring her home.

R. D. Holloway, charged with assault with intent to murder for shooting his sweetheart, Louise Padgett, on July 21, has also been placed on the calendar.

Holloway has confessed to officers, a signed statement of his ascribing his act to the girl's refusal to "tell him what he wanted to know." The girl, of 504 Fowler street, has recovered. Johnnie Farrell, negro, also to be tried for the murder on July 21 of McKelley Wither, another negro, during an altercation.

"MOVING DAY" PLEA OF SALVATION ARMY INDORSED BY D. A. V.

D. A. V. indorsement of the Salvation army and its "moving day" appeal for old clothing and furniture was volunteered Tuesday with appointment of a committee from the Disabled American veterans of the world war to cooperate with Staff Captain W. H. Rains, of the Salvation army, in carrying on the appeal.

State Commander Frank R. Flinn, appointed L. S. Bellinger, local commander, and W. J. Wager and Jesse Hall, local vice commanders, and Cecil V. Whiddon, chaplain, to constitute the committee with the state commander acting as an ex-officio member.

Commander Flinn announced the committee in a statement warmly praising the Salvation army for its brilliant overseas service and unflinching peace-time relief work, urging all former service men and their friends to lend their own discarded material to the army and to encourage others to follow suit.

The Salvation army will send for material on call to Ivy 2224. "Moving day" appeal is to obtain all articles that ordinarily will be thrown aside by people who will move when leaves expire September 1.

ATLANTA CHAMBER TO PRESENT CUP TO LEWIS H. BECK

Lewis H. Beck, pioneer Atlantan, and distinguished for his service as a business man and civic leader, will be the guest of honor at a birthday luncheon to be given him at the Georgian Terrace hotel Thursday by the Atlanta Chamber of Commerce. Mr. Beck, the oldest living past president of the Atlanta Chamber, will be present with a silver loving cup and the other past presidents to commemorate his long membership in that body.

Mr. Beck recently celebrated his 80th birthday, and for 50 years was the head of one of Atlanta's oldest commercial houses.

THOMAS COUNTY BOYS ATTEND CAMP WILKINS

Thomasville, Ga., August 14.—(Special.)—Thomas county's farm agent, Pat Ward, left Monday morning for Athens, accompanied by nine boys of the county who will enter Camp Wilkins and take a one-week course there under the direction of the state college of agriculture. The boys will be given instruction in farm crops, farm mechanics, forestry, chemistry and raising poultry and live stock, but are allowed several hours each afternoon for recreation. Boys who went with Mr. Ward were Dodson Baxley, Clayton Davis and Jack Herring, from Thomasville; Glenn Adams, from Pavo; J. C. Whaley, Park McKibben, Lamar Evans and Louis Kennedy, from Ocklocknee, and Louis Rehberg, from Ocklocknee.

RIVERS OUTLINES RECORD IN SENATE

Records of State Senator E. D. Rivers and Governor L. G. Hardman relative to the passage of constructive legislation at the last session of the state legislature are compared in a statement issued Tuesday by Senator Rivers, who is opposing Governor Hardman for reelection.

"In view of our records I ask the people of Georgia to judge whether I am an 'obstructionist' as charged by my opponent and 'an arch enemy of the will of the people'?"

The statement of Senator Rivers is as follows:

Rivers' Statement.
"In view of the fact that Dr. Hardman's managers in a statement appearing in the Sunday papers accused me in very bitter terms of being the chief obstructionist, arch conspirator, and moving spirit in a bold scheme to defeat the will of the people of Georgia, and in view of the fact that Dr. Hardman has accused me of being a mere 'puppet' and a pawn," I desire to submit the following comparison of our records and of our position on the issues in the present campaign."

During my service in both branches of the general assembly I have labored diligently for the building of a real common school system in Georgia, and in furtherance of this idea, I introduced in the house of representatives the first bill providing for an equalization fund for the common schools. In the last senate I fought with all my might and strength for the enactment of a fund of \$1,000,000 to give the country boy and girl the same opportunities enjoyed by the girl and boy living in the city. While I was doing this, Dr. Hardman with all of his might and with all of his forces in the legislature was trying to cut the fund in half."

"Even after the legislature had adjourned and gone home, Dr. Hardman stubbornly refused to sign the bill and threatened to veto the whole of the appropriations. It was only the friends of the doctor enlisted the aid of his secretary, who finally consented to sign the bill and allow the common schools their meagre one million dollars. I ask the people of Georgia if in opposing the governor in the position he took in this instance, I should be termed an 'obstructionist' and an 'arch conspirator' to defeat the will of the people?"

Sponsored Consolidation Bill.
"I desire to call attention to the fact that during the last session I sponsored and aided in securing the passage of a bill proposing an amendment to the state constitution, making possible the consolidation of more than 80 departments of state government into 14. When we were fighting this battle in the senate and my friends were fighting in the house for this bill, where was Dr. Hardman? Did he get any help from the doctor? Did he have any such measure in his platform when he ran for governor? Did he send a message to the legislature requesting the passage of such a measure?"

"The answer to all of the above questions is an emphatic no. Possibly he will now say that he signed the bill and did not veto this bill. For his information I would like to say that the governor never has to sign and cannot veto a proposal to amend the state constitution, and had nothing whatever to do with this one."

"In sponsoring this piece of legislation the members of the house and senate did not have the cooperation of Dr. Hardman, and this is as well as the appropriation for the common schools referred to above was passed in spite of his opposition."

"I ask the people of Georgia to judge whether or not I am an 'obstructionist' and an 'arch enemy of the will of the people'."

"While Doctor Hardman has allowed his paid experts to make these unfounded accusations against me, I have asked him to meet me face to face before the people of Georgia and to let the people decide the question."

"I respectfully submit that when any man has been honored with the highest office in the state, and has the confidence of the people and has behind him the prestige of the office of governor, and has been charged that I am a 'puppet' and a 'puppet' in the hands of others, and permits his own paid experts to give out statements that I am an 'obstructionist' and an 'arch conspirator' against the will of the people that common decency and common honesty demand that he either meet me face to face before the people of Georgia or retract the statements made by him."

"If Dr. Hardman did not know that he could not face the people of Georgia in my presence and that he could not substantiate the charges he and his paid experts have made against me, he would willingly accept challenge to lay all the cards on the table and face the people of Georgia with me as an equal of debates."

"Back in the old days men like Ben Hill, Alex Stephens and Bob Toombs felt no dishonor in meeting in joint debates. At an early date I will issue an open comparison of our records and of our stand on the issues of the campaign. At the same time I have an abiding faith in the sense of justice of the people of Georgia, and know that they will stand that Dr. Hardman meet me in the open or retract the accusations he has been making."

GEORGE CARSWELL MAY NOT ATTEND AUGUSTA FORUM

George H. Carswell, secretary of state, may not be able to attend an open political forum to be held Thursday at Augusta to which all candidates for state offices have been invited to attend, he announced Tuesday. He stated that an important meeting of the state securities commission is to be held Thursday and in the absence of Hal M. Stanley and George M. Napier, associate members of the securities commission, he probably will have to attend this session.

Mr. Carswell is chairman of the securities commission. Mr. Stanley is attending the meeting of the state press association at Statesboro while Attorney General Napier is traveling in the west.

Secretary Carswell said that if he found it possible for him to make the trip to Augusta he would attend the forum.

LOCAL MASONIC CLUB TO ASSEMBLE TODAY

The Atlanta Masonic club will meet at 12:30 o'clock this afternoon in the Winwood hotel for its weekly luncheon and business meeting. The program will be entirely in charge of local talent and the feature will be a 15-minute talk on the "Soul of a City" by Tut Broyles. An interesting musical program under the direction of Ed Bray also has been arranged.

But after all, where is Christianity?

Moral and Clean.
"There is one exceptional fact about Governor Smith. He is a moral and clean man. He has never stooped to besmirch his reputation with anything immoral, and scandal has never dared to couple his name with any suggestion of lewdness or dishonesty."

"Next to the objections on the grounds of religion and morality, we hear constantly slurs about Tammany. Tammany presents the only reliable democracy in the north. It is the firm, unflinching friend of the south, and always has been. It cannot always control in the presidential elections, the floating vote in New York, but it elects democratic governors, and it elects from 20 to 30 congressmen who are essential to the organization of the house of representatives by the democrats. By their help we often make a majority, when without them we would lose. They also vote with us on all partisan questions. The southern man who abuses Tammany not only abuses his friends, but he betrays the acquaintance with him with any suggestion of lewdness or dishonesty."

SPORTS

River Marathon
To Start Today

Augusta, Ga., August 14.—(AP)—Fifteen speed boats will leave this city tomorrow morning, rain or shine, headed for Savannah in the first long-distance river marathon ever held in this section. The racers will leave the municipal wharf on their 202-mile race down the Savannah river to the sea at 6 o'clock.

Boats have been entered from Atlanta, Savannah, Columbia, Augusta, Orangeburg, S. C.; Fort Mott, S. C., and Brunswick, Ga.

Handsome prizes will be awarded the winners in the three events, including Class C, Class B, and free-for-all. The Augusta Chronicle, the city of Savannah and the Augusta Outboard Motor association have offered silver trophies to the winners, in addition to cash awards.

One stop will be made by the speed boats at the half-way mark where gasoline will be taken on. It is expected that all boats will reach Savannah before nightfall.

The 'Big Six'

BY THE ASSOCIATED PRESS.
Rogers Hornsby strengthened his position in the lead of the Big Six yesterday by advancing his own mark two points to 381, while Paul Waner was slipping back two to 360, giving the Braves a clear lead of 21 notches. The Boston manager collected two singles as the Braves lost to the Cardinals, but the elder Waner went hitless in the Pirate victory over the Robins.

The entire Big Six was in action together for the first time in several weeks. Ty Cobb, who has become an irregular, went up as a pinch-hitter as the Athletics were losing to Detroit, but he failed to get a hit, and slipped one point to 326.

Babe Ruth got nothing but his forty-fourth home run, but he walked a sufficient number of times to enable him to bat .500 for the day, boosting his average one point to .331. Frisch went hitless and skidded, but Heimann got two out of four and climbed back to .298.

The standing to date:
PLAYERS-CLUBS—G. Ab. R. H. Pct.
Hornsby, Braves... 391 124 126 .381
P. Waner, Pirates... 360 113 122 .331
Ruth, Yankees... 357 124 122 .331
Cobb, Athletics... 326 113 122 .326
Frisch, Cardinals... 298 113 122 .298
Heimann, Tigers... 298 113 122 .298

Mandell Wins.

Janesville, Wis., August 14.—(AP)—Sammy Mandell, Rockford lightweight champion of the world, scored a technical knockout over Johnny O'Donnell, of St. Paul, when the referee stopped the bout at the end of the eighth round of a scheduled 10-round bout before 4,500 fans here tonight.

Down the Line

BY W. O. M'GEEHAN.

OLYMPIC AFTERTHOUGHTS.

The United States Olympic expeditionary forces seem to have won the track and field events at Amsterdam, computed by team or point scoring; so one naturally asks, "What is all the shouting for, not to mention the deploring and viewing with alarm?" Some of us seem to feel that, since Americans did not take all of the points in all of the events, it was something of a hollow victory.

It is true that the United States took only fifth place in the marathon race, the great endurance test, but two of the American committee-men still are leading in a greater endurance test for long-distance peevishness. Our Mr. Murray Hulbert and Frederick W. Ruben at last accounts were running neck and neck, and it is not expected that the two will come up to the tape until the S. S. President Roosevelt ties up at the dock on the return trip.

CEDARTOWN LEADS LEAGUE.

Cedartown, Ga., August 14.—(Special).—Cedartown won from Lindale today, 7 to 3, getting 12 hits off Stanfield, including Tredey's home run and doubles by Mason and Bates. Hydinger held Lindale to six scattered hits and was helped out by two fast double plays.

Score by innings: R. H. E.
Lindale... 100 010 000—3
Batteries: Stanfield and Greene; Hydinger and Knowles.

CARROLLTON LOSES AGAIN.

Carrollton, Ga., August 14.—(Special).—Aniston won a pitcher's battle with Carrollton here today, 4 to 3. A. White gave up nine hits and fanned nine, but Sharpe did better and allowed only four hits. Carrollton's one run being scored on an error. Fugus led the hitting with three out of four. Aniston hit a home run and a single in two trips and Atchley got two of Carrollton's hits.

Score by innings: R. H. E.
Carrollton... 111 001 000—1
Batteries: Sharpe and Case; A. White and McKinney.

American League

BARE SWATS—YANKEE LOSS.

New York, August 14.—The Yankees collapsed before the fine pitching of Grady Adams in the first game of the Chicago series here today, 5 to 2, but might have chosen a worse spot in which to lose. The Athletics again fell before Elmer Van Gilder and Detroit, enabling the champions to retain their lead of four and one-half games over the Mackmen.

Babe Ruth wasted his forty-fourth home run, but stepped into a lead of 15 games, 19 days and eight homers to break his record. The game was a pitching duel until the eighth inning between Adams and Fred Heimach, new Yankee left-hander from St. Paul. The home pitcher weakened in the last two rounds, and the White Sox slipped through the opening to a total of four runs and the decision. Redfern drove in two in the ninth with a triple after Mostil had been intentionally passed.

TIRE
USED
TIRE
PROTECTIONProtection Where
Protection Belongs

THE buyer of a Steinway Grand—a Tiffany ring—a General Tire, doesn't ask for "Protection." The maker's reputation for putting Top Quality into his product is a better guarantee of satisfaction than paper protection plastered on at the finish.

It's different with used tires. We know about how much wear remains in a tire, but so you may be sure of getting your money's worth we back our judgment with the protection plan—and we give it FREE, when others charge \$1.00 to \$3.00 extra on new tires.

Inspect our used tires today. Many makes and sizes—some only slightly used—some half worn—others brand new equipment tires traded in on Generals. All priced for quick sale—with FREE protection.

Brilliant Hop To Be Given At Fort McPherson Club

Fort McPherson, Ga., August 14.—The brilliant hop to be given by the reserve officers on duty at the garrison in honor of the army officers and their ladies is an anticipated affair of Thursday evening at the Army Service club. The committee in charge is making every effort to have the affair an enjoyable one with more than 200 guests expected to attend. Prior to the hop Miss Dorothy Tebbetts entertains at a hop supper at her quarters in the garrison in honor of her attractive guest, Miss Katharine Knight, of Montclair, N. J., who arrived Sunday for a two weeks' stay in the garrison. Miss Tebbetts' guest list will include 12 members of the military set.

Mrs. Henry W. Robinson entertained at a bridge-luncheon at her home on Blue Ridge Friday, including in her guest list 10 members of the military and civilian circles. The beautifully appointed table was overlaid with an exquisite Chinese embroidered cloth and the center was graced with a Fostoria bowl of colorful flowers, while tall rose tapers in rose glass holders made additional color notes. Covers were laid for Messames E. B. Bushee, H. F. Ditt, H. R. Ide and her sister, Mrs. A. R. Reschave, of Chicago, Ill.; E. R. Wells, and A. H. Skinner.

Visitors and Guests. Miss Elizabeth Hall leaves Saturday to be the welcomed guest of Mr. and Mrs. Roy Phipps at their home in Chattanooga, Tenn.

Captain and Mrs. Henry W. Robinson will motor to Annapolis, Md., to be the guests of Mrs. Robinson's parents, Mr. and Mrs. E. L. Brewer.

Mrs. F. R. Wells, the attractive wife of Lieutenant Wells, has returned to her home in Morningside after an extensive trip through southern California.

Lieutenant and Mrs. Walter S. Winn, of Fort Stevens, Ga., were guests of Captain and Mrs. Henry W. Robinson last week. Lieutenant and Mrs. Winn are en route to Camp Perry, Ohio, where Lieutenant Winn will be on duty at the national rifle matches.

Captain and Mrs. Malcolm Fortier and Captain Stanley Blanton left Tuesday by motor for a trip through Tennessee. Captain and Mrs. Fortier will drive to Washington, D. C., to visit Captain and Mrs. Blanton, and later they will join Captain Fortier's father and mother, Mr. and Mrs. M. P. Fortier, and enjoy several weeks in Canada. Captain Blanton will spend his leave as the guest of Mr. and Mrs. L. L. Gravelle, at Reading, Conn. N. C. will join Mrs. Blanton and go to Fort Rensselaire where Captain Blanton will be a guest in the company commander's quarters.

Captain and Mrs. Alfred Dumas are given up their home on Ridgecroft avenue after their return from Camp Perry, Ohio, where Captain Dumas has been on duty.

Mrs. William Agnew Honors Young Nephew.

Mrs. William Agnew entertained, honoring her nephew, Carl Weinmeister III on his eighth birthday. The guest list included the grandparents, aunts and cousins of the honor guest. Miss Cecilia Agnew assisted her mother in entertaining.

Misses Henderson Honor Visitor.

Misses Pauline and Melva Nell Henderson, assisted by their mother, entertained at a card party Friday in honor of their guest, Miss Marcella Wells.

Those present were Misses Beulah Mae Chapman, Martha Deik, Margaret Rice, Dorothy Brooks, Jewel Sockell, Marcella Wells, Pauline and Melva Nell Henderson.

Rebecca Felton U. D. C. Will Meet Thursday.

The Rebecca Felton chapter, U. D. C., meets Thursday at 2:30 o'clock in the ballroom of the Piedmont hotel. A report of the barbecue recently given, will be made. All interested are invited. Confederate veterans will be especially welcome. A program of music and readings will be rendered by a group of young girls.

Mr. and Mrs. Bentley Will Honor Nephew.

Mr. and Mrs. Clifton P. Bentley, of Peachtree road, entertained their nephew, Lee Mooney, at dinner Sunday before his departure for California Wednesday.

Besides the host and hostess, covers were placed for Mr. and Mrs. William R. Bentley and Lee Mooney.

Miss Robertson Honored At Luncheon and Theater.

Mrs. John H. Hartley and Mrs. Charles H. Hartley entertained at a luncheon at the Henry Grand hotel Saturday and a matinee party at the Howard theater in compliment to Miss Charlotte Robertson, an attractive bride-elect of September. Those invited were Miss Robertson, Miss Julia Sullivan, Mesdames W. M. Jones, A. A. Greene, Ed Elliott, E. H. West, John H. Hartley and Charles H. Hartley.

School of Oratory To Give Recital.

The Atlanta School of Oratory and Expression, at 402 Wesley Memorial Church building, will give a recital Thursday morning at 11 o'clock in the main studios of the school. Both the children and adult departments will be represented in a variety of readings and speeches, including educational lectures.

Among those appearing on the program will be Miss Irene Ballard, Miss Thelma Egan, Miss H. B. Cony, Annie K. Leonard, Kathleen Timmie, Doris McLaughlin and Miss Grace Lewis, of Alabama.

Mrs. Willis Gill Honors Mrs. Cox.

Mrs. Willis Leroy Gill was hostess at a bridge-luncheon at her home on Cumberland road, in Morningside, complimenting her sister, Mrs. Leah G. Cox, of LaGrange, Ga. Misses Lou Bogus and Annie Ruth Jenkins presided at the punch bowl. Twenty-five guests were present.

Miss Durham Entertains Bessie Tift Classmates.

Miss Myrtle Belle Durham was hostess at a house party last week-end at her home on Copeland avenue, S. W., in compliment to a number of her classmates from Bessie Tift college, including Misses Alma Waters, of Millen; Miriam Murphy, of Morrow; Evie Epps, of Griffin; Gladys Gray, of Covington; Louise Italia of Newton; Adelaide Johnson, of Monticello, and Grace Turner, of Atlanta.

Mrs. R. N. Landers entertained at a bridge-luncheon at her home on Altona place, honoring Miss Durham's guests, inviting to meet them Misses Inez Sargent, Jeanette Dubanks, Helen Freeman, Marietta Faust, Helen Carroll, Alma Waters, Evie Epps, Miriam Murphy, Gladys Gray, Louise Hall, Blanch Johnson and Grace Turner, Mrs. R. N. Landers, Albert Benedict, Marion Swint, Arthur Flemming, George Todd, R. H. Patterson, Fred Williams, Archie Harris, W. T. Watson, Mr. David Smith, B. F. Watson, Mr. David, Luther Arnold, Edwin Eubanks, Carl Hancock and Frank Freeman.

Mrs. Homer Thompson Is Hostess at Club.

Mrs. Homer Thompson was hostess at a surprise party the Piedmont Driving Club Tuesday celebrating the seventeenth birthday anniversary of her sisters, Misses Helen and Martha Candler.

Following a swim, luncheon was served the guests on the terrace. Covers were placed for Misses Martha and Helen Candler, Laura Candler, Mary Phillips Orme, Vaughan Nixon, Frances McKenzie, Mrs. John Candler and the hostess.

CAR COMPANY ASKS STONE MOUNTAIN SERVICE CHANGE

The state public service commission Tuesday afternoon took under advisement a petition filed by the Georgia Power company seeking to limit service on its Stone Mountain line to points between Stone Mountain and Decatur. The company wants to carry passengers back and forth from Stone Mountain to Decatur and let these passengers transfer at Decatur to Atlanta bound cars and vice versa.

It was contended by the power company that it is losing \$25,000 a year in its operation of the Stone Mountain line. The case for the company was represented by President Preston S. Arkwright and Vice President Frank L. Butler.

Ed L. Sutton, representing the town of Clarkston, protested against the proposed change on the ground that it would work a hardship on women and girls who live in Clarkston and work in Atlanta. He also charged that the power company had "failed to keep faith" in the matter of service and fares.

MOTHER IDENTIFIES DROWNED NEGRESS

The body of a young negro woman, which was found floating in the Chattahoochee river near Chattahoochee station Monday morning, was identified early Tuesday as that of Oscar Mae Williams, of 204 Griffin street, Atlanta.

Identity was established by the girl's mother, Marie McCoy, who read of the finding of the body in The Constitution Tuesday morning and visited the undertaking parlors of Dunn Brothers, where the corpse was being held. She said that the negress had disappeared from her home Saturday while her mother and step-father were absent.

Reserve Officers To Give Dance.

The 345th and 346th infantries and detachment of engineers of the Officers' Reserve corps will give a dance Thursday evening at the Service club, Fort McPherson. All reserve and regular army officers of Atlanta and vicinity are invited.

Miss Mildred LaHatte Is Honor Guest.

Miss Mildred LaHatte, a bride-elect of this month, was honored at a tea and miscellaneous shower given by the members of the I. C. club, of which Miss LaHatte is secretary, at Yeager's room.

The club colors of blue and white were used in artistic decoration. The centerpiece for the table was a beautiful white wedding cake, embossed with a large basket of blue icing, holding white bridal roses. The case contained fortune favors for the guests.

An interesting contest was enjoyed, the prize being won by Miss Zephia McGilone. Miss Catherine McElroy won the consolation prize. Miss LaHatte was presented many beautiful gifts from the members. Covers were placed for the members of the club; the club chaperons, Mrs. E. W. Hinkle and Mrs. S. A. Ferlie, and Mrs. Emma E. LaHatte, mother of the bride-elect.

Misses Anna Bell Goepfer, Nell McLaughlin and Beatrice Goepfer acted as hostesses for the party.

Police Auxiliary To Meet Thursday.

The Ladies Auxiliary of the Police Relief association meets Thursday afternoon, August 16, at 2:30 o'clock at the home of Mrs. C. E. McCrary, 1064 Stewart avenue, S. W. After the close of the meeting the members will be invited to the lawn to a watermelon cutting sponsored by the hostess.

Camp Fire Girls To Sponsor Party.

Camp Fire Girls will sponsor a swimming party Friday, August 17, at the Atlanta Women's club pool at 9:30 o'clock. The regular life guard will be assisted by a group of Camp Fire life savers.

Girls desiring to complete or pass the regular Camp Fire summer tests may do so at this time. The admission fee will be 15 cents and girls are urged to attend and gather in front of the Women's club. For further information call Miss Mildred Cole, Camp Fire headquarters, Walnut 3211.

Mrs. Kiser Sponsors Party for Visitors.

Mrs. Alva D. Kiser, recently appointed chairman of the Soldiers' Home committee from the Atlanta chapter, U. D. C., will sponsor a watermelon cutting for the veterans on the Soldiers' home grounds Wednesday afternoon at 3 o'clock. Mrs. Kiser will be assisted by the other members of her committee.

Mr. Garlych Will Be Host.

McCleskey Garlych will be host at the Thursday Morning bridge party to be given by the Atlanta chapter, U. D. C., at its clubhouse, 1000 Peachtree street, at 10 o'clock Thursday morning. Mrs. James Stanley Moore will act as hostess to Mr. Garlych's guests. Those invited are Mrs. W. M. Jones, A. A. Greene, Ed Elliott, E. H. West, John H. Hartley and Charles H. Hartley.

Miss McCallie Honors Miss Rosalie Wooten.

Miss Elizabeth McCallie entertained at a water tea Tuesday at her home on East Fourth street, complimenting Miss Rosalie Wooten, a bride-elect of the coming week. Assisting in entertaining were the mother, sister of the hostess, Mrs. S. W. McCallie and Miss Edith McCallie.

Covers were placed for Misses Victoria Miller, Juanita Greer, Margaret Whittington, Grace Zachry, Venie Belle Grant, Mary Knox, Crystal Hunt, Louise H. Hensley, Bessie Dames, J. C. Mangham, Glenn Duncan, Carl Pirkle, William Talley and H. P. Wooten.

Mrs. Homer Thompson Is Hostess at Club.

Mrs. Homer Thompson was hostess at a surprise party the Piedmont Driving Club Tuesday celebrating the seventeenth birthday anniversary of her sisters, Misses Helen and Martha Candler.

Following a swim, luncheon was served the guests on the terrace. Covers were placed for Misses Martha and Helen Candler, Laura Candler, Mary Phillips Orme, Vaughan Nixon, Frances McKenzie, Mrs. John Candler and the hostess.

Address orders to Annette Fashion Department, care The Constitution, Atlanta, Ga.

BURGESS CHILDREN'S STORIES

A TAIL FOR A SAIL.
By Thornton W. Burgess.

Who trusts his fortune to a sail. Should not forget that winds do fail.
—Mother West Wind.

Chatterer the Red Squirrel sat on the roof of the house of Paddy the dog.

around, this way, that way, and the other way, to be sure that Redtail, or any other enemy, was nowhere in sight. Then he jumped. It was a very good jump. He landed lightly on that little log. The Merry Little Breezes danced around him and twined his whiskers. Chatterer promptly hosted his tail. Straight up he held it again his back.

"Blow!" he cried. "Blow!"

The Merry Little Breezes blew. They blew harder and harder. The little log began to move. It moved faster and faster. This doesn't mean that it moved very fast, because it didn't. A log couldn't move very fast. But it moved slowly forward. The ripples lapped against it and the water washed over it and wet Chatterer's feet. But Chatterer didn't mind. He was clinging fast with his sharp claws. "Blow!" he cried. "Blow!"

And the Merry Little Breezes blew. They blew the log, Chatterer's tail was a sail. Nearer and nearer the little log drew to the shore. It was then, when he was almost to shore, that, glancing over his shoulder, Chatterer discovered Redtail the Hawk coming back. He was only a speck in the sky, but Chatterer knew him. He was headed that way and he was coming fast.

"Blow, Merry Little Breezes, blow!" cried Chatterer. "Oh, do blow!"

And the Merry Little Breezes blew and blew and blew, and the little log with Chatterer on it drew nearer to the shore.

ANSWERS TO CORRESPONDENTS

Matrimonial Bureau.

"I sent one of your reducing pamphlets to an out-of-town friend. She was faithful to its instructions. I visited her some time afterward and found her actually beautiful, and engaged to be married. She insisted she has you to thank for her fiancé's love!"

A agree with your friend, C., and accept her thanks.

Recently, before a woman's club of which I am a member, I gave a talk which I titled: "Can a Woman Eat Her Cake and Have It, Too?" (In case you don't get this "IT" idea, I'll remind you that Eleanor Glyn appropriated this pronoun to represent that intangible charm which attracts the opposite sex.)

My answer to the question was No. There has long been an axiom that no one loves a fat man. To which we can add: "nor a fat woman." This, as all axioms has a foundation of truth, and I think in this case the reason is the biological instinct which requires reciprocity for any deep affection. We know that the fat person already has a paramount passion in his life—his love for food.

Are you now interested in reducing? It means much more than the development of charm. We have a pamphlet on the subject which you may secure. The column rules for obtaining material we offer are to enclose 2 cents in coin, self-addressed, stamped envelope, for all articles except the reducing and gaining pamphlet; for this 10 cents in coin, in addition to the self-addressed, stamped envelope, is necessary.

Numbness in Legs and Arms.

Mrs. E. has gone successfully through the menopause, but she finds she cannot sit long without her legs becoming numb, so she has to get up and walk. She has consulted a dentist, and he says it is not her teeth. She is a lover of sweets, but leaves off candy altogether.

Numbness is usually due to the circulation being cut off in some way so that the nerves are affected. This may be due to the position of sitting or lying, and other mechanical factors such as tight garters, other pressure, etc. Hardening of the arteries also cut off the circulation.

You didn't say whether you are overweight or not, but that lover of sweets sounds ominous. Mrs. E. (And, by the way, you can omit candy and still be having too much of the sugars). The unbalanced diet which brings on overweight may also cause hardening of the arteries and high blood pressure.

The only thing that I can suggest is to visit your physician for a complete examination. Meanwhile, you must try a diet very low in salt, sugars and starches, take some good walks, and have some other physical exercises to keep your circulation good, if you know your heart will allow it. Have some massage every day. If you can't afford the expense of going to masseur, get one of the little hand rollers and give yourself the massage; this is really better sharp claws. "Blow!" he cried. "Blow!"

And the Merry Little Breezes blew. They blew the log, Chatterer's tail was a sail. Nearer and nearer the little log drew to the shore. It was then, when he was almost to shore, that, glancing over his shoulder, Chatterer discovered Redtail the Hawk coming back. He was only a speck in the sky, but Chatterer knew him. He was headed that way and he was coming fast.

"Blow, Merry Little Breezes, blow!" cried Chatterer. "Oh, do blow!"

And the Merry Little Breezes blew and blew and blew, and the little log with Chatterer on it drew nearer to the shore.

\$75,000 of Fine Furniture At Average Half Price

Bedroom suites, living room suites, dining room suites---single pieces for any of these rooms---some reduced a little more than half---some reduced a little less than half---some exactly half---the entire offering averaging half---the most extraordinary furniture economies in Atlanta---every piece taken from our own stocks---not a bit of "sale made" or distress merchandise in the offering---all of it floor samples from which we have been selling the past season.

We went to the wholesale furniture market in Grand Rapids and Chicago, a few weeks ago, and bought perhaps somewhat heavier than usual.

We bought thus generously, knowing full well that, to make room on our sales floor for the new merchandise, we would have to sacrifice fully half of our present \$150,000 stock.

Our present stock is big---perhaps too big. Our sales floor, not being made of rubber, won't stretch to accommodate more. We must give the new goods the right of way September first. And the newcomers are already beginning to come in.

So---out must go \$75,000 of fine furniture---the Chamberlin kind---at an average of half price. The following list of suites and single pieces comprises only a few of the many opportunities in this great August Saving Sale. Read carefully and compare.

Living Room

Original Price		Sale Price

THE GUMPS—WHAT PRICE LOVE

The Taming of Elizabeth

By WINIFRED BOGGS

SYNOPSIS. The young Elizabeth is the adored daughter of Tim and Elizabeth Darcy. When she is four years old she runs away from home to avoid punishment for getting into mischief. She is brought home promptly by a neighbor, Miss Smiley.

At 12, Elizabeth runs away again, this time from school and to the home of her Aunt Dolly, in London. Dolly, who is almost as flighty as the young Elizabeth, sympathizes with her, much to the irritation of her stepson, Stephen Whitby. After the death of her parents Elizabeth goes to live with her aunt. During the war they keep themselves busy and also amused by performing in amateur theatricals for the benefit of wounded soldiers. Stephen, home on leave, is asked by his stepmother to bring Mark Lennox, a young playwright, to one of their performances.

Shortly after the end of the war Mrs. Whitby dies suddenly in Brighton, and Elizabeth leaves to her consternation that her aunt had frittered away the money left her by her husband, and had disposed of some of Stephen's inheritance as well. Afraid to face Stephen after this revelation, Elizabeth decides to go to Mark Lennox in London and ask him to get her a job on the stage. Stephen finds her with Mark and, although his business has failed, he offers to help her. She refuses his help and, after a part in Mark's new play, on the opening night she gets away from him and runs off, leaving an understudy to take over her part. Miss Smiley, who happens to be in London visiting her cousin, Mrs. White, sees Elizabeth on the street and takes her to London, where she is asked by the latter to take a job as cook and Elizabeth accepts. But she falls in this job, too, and then lands a post as companion to an old lady in the country. Julian Vestington, the old lady's nephew, is in love with her and she is very much attracted to him. Stephen arranges with Elizabeth, William Whitby, to take over the management of the latter's business.

Elizabeth grows fond of Mrs. Vestington, who shows attention upon her young companion, but the visit makes a mystery about the past and a secret is kept.

INSTALLMENT XXXIX.

CAREFULLY LAID PLANS. Stephen had a disquieting thought at the mention of Blossom. "She's still depraved if her face is anything to go by," he frowned. "The other servants seem just efficient machines. I cannot understand Mrs. Vestington keeping them. It must be difficult to get servants in a place like that, but I cannot understand her keeping Blossom."

"No, because you do not understand my aunt," said Julian, quietly. "She's probably recognized the useful tool that would stick at nothing—and one never knows. Anyway, those two understand each other perfectly, and when I tell you it is not my aunt who fears Blossom, but Blossom who has a wholesome fear of my aunt, perhaps you may realize there is more to the dear, sweet old lady than meets the eye—but, of course, you won't because the things unseen do not exist to you and your like. But to continue with the story. This man Bullet came down and made the place secure against escape—or rescue. He brought his patients with him, many of them quite genuine cases and treated well enough; even getting better under his cure. It did much good in the world, that's the devil of it, and some of the patients who were getting cured relapsed badly after he left. He was a man of about five and forty, very big and powerful, with a handsome, sensual face and compelling, hypnotic eye. He had a certain charm, a gift of social gift, being in fact a man of good family; a cunning and an art for throwing dust in people's eyes. He could play any part when it suited him. One of the married wardens lived in the lodge. Blossom, of course, was of the same landing as her master, and acted as wardress to the worst case. She was only twenty, but she had nothing either of depravity or brutality to learn. She had spent her time in a convict prison. She was possessed of violent passions and jealousies, and these were made to serve his ends. A few days after his arrival he made Elizabeth attended by a groom riding before breakfast, and drew up his own animal to let her pass in a narrow lane. She barely acknowledged the courtesy and passed on without giving him a thought, but that one meeting had inflamed Bullet, and he took care there should be others. In the end she would bow in passing on her way, though still he did not exist for her, as he saw with astonishment and fury, for he was as successful in his affairs as he was skillful. He made inquiries and when he found out the girl was an heiress he changed his plans. He would marry her.

"He laid his plans very carefully, paying no open court to the girl, but getting acquainted with the foolish mother who at forty was still pretty and still vain and foolishly romantic. He made himself very charming to her, flattered her, flattered her, till she thought what he wished her to think, while careful not to commit himself by word or look. When she lost Elizabeth she would not be alone; she, too, would have love and a handsome devoted husband, romance, and better means. As a suitor for Elizabeth she would not have contented him for a moment—a mere asylum doctor! But for her there was a very different matter. She decided she would not live at the asylum; that would be just her husband's office; they would continue to live privately at her house. She had a great horror of madness in any shape or form; almost looked upon it as a form of demonic possession. The girl did not like him or his visits but she

WEATHER DELAYS HASSELL'S FLIGHT ACROSS ATLANTIC

Rockford, Ill., Aug. 14.—(P)—Bert Hassell tonight announced the postponement for at least a day of his hop-off for Sweden in the airplane Greater Rockford. Unsatisfactory weather conditions in Canada caused the delay. He planned to hop early tomorrow.

Hassell and his navigator, Parker Craney, intend to fly 750 miles on the first leg of their journey, resting overnight at Cochrane, Ont. A 1,600-mile flight to Greenland will follow.

Driver Knocks Down His Little Sister; Skull Is Fractured

Camden, N. J., August 14.—(P)—When he recognized the little girl whom his automobile knocked down near Ato, on the White Horse pike, Eugene Scott, 20, fainted in the roadway beside her form.

He was quickly revived and drove her to a hospital, where it was found she had a fractured skull. Bystanders said the child, running home last night with several other children, leaped suddenly in front of her brother's car.

Husband Admits Beating Wife ALIENATION SUIT GOES TO JURY TODAY Who 'Gave Love' to Another

Asheville, N. C., August 14.—(P)—The Bryant-Westall alienation of affections case is expected to be placed in the hands of the jury early tomorrow afternoon.

The plaintiff rested the case shortly before noon today after G. Wallace Bryant had given his testimony. The defense attorneys promptly announced that they would rest also and argument of the case before the jury was begun.

Bryant seeks to recover damages in the sum of \$100,000 against Henry Westall, Asheville golfer, and clubman, who, he charges, alienated the affections of Mrs. Bryant. Trial of the case was begun Monday.

Taking the witness stand in his own behalf Bryant testified that he had married Mrs. Bryant in 1920. He described their married life as "beautiful" until she met Westall in 1923. It was some time later, he said, that he became suspicious of her and sent her to Philadelphia to the home of her aunt "to help her." Following her trip there, he said, he learned that she had registered at a hotel with Westall. The two Bryant children were with her.

Coming back to Asheville, the witness said, he prepared to file his alienation suit against Westall, but to protect both families from publicity, a compromise agreement was reached and the Bryants became reconciled again and life went on as before.

Bryant said he went to Detroit to attend his sister's wedding, and when he returned found Mrs. Bryant again cold and indifferent. He learned, he said, that Westall had violated his agreement and the present case was started in August, 1927.

Under cross-examination he admitted that he had struck his wife at least four times during their years of married life, once when he found her intoxicated, and at other times when she refused to reveal her whereabouts during days when away from home. Once, he said, he struck her because she did not get home until 9:30 o'clock at night when they were giving a wedding dinner at 7 o'clock.

Petersburg, where they were bound during the storm Monday night when the engine of the towboat went dead.

SIX ARE RESCUED AFTER TWO DAYS ON SUNKEN BOAT

Tampa, Aug. 14.—(P)—Five men and a woman, marooned from 9 o'clock Monday night until 6 o'clock this evening on the a-frame, or derrick of a dredge sunk in the middle of Tampa bay, were brought here tonight by the tug Mary Celina suffering from exposure and lack of food. The dredge Harvey of the Tampa Sand and Shell company and its towboat, the Echo, commanded by Captain Walter Bogie, went down in 18 feet of water between Port Tampa and St. Petersburg, where they were bound during the storm Monday night when the engine of the towboat went dead.

EGYPTIAN RIOTERS PUT UNDER ARREST

Cairo, Egypt, August 14.—(P)—Four men, including Hassan Qassim, a student's leader and former deputy, were arrested today as an outcome of a disturbance at the railroad station on the departure of Makram Elbehi, a former cabinet minister, for London.

Former Premier Nahas Pasha, who was present, protested against the arrests, but the quartet was taken into custody for further inquiry.

--and the answer is COKE!

What will rid this city . . . any city . . . of its greatest nuisance? . . . the smoke and soot which begrimes everything inside and outside the homes, apartments, stores, factories. What measure can be taken that will eradicate the evil?

The answer is, Coke!
If every furnace within the city was fed Semet-Solvay Coke, the smoke nuisance, and dry cleaners complaints, would disappear almost overnight.

Besides being a clean fuel, Semet-Solvay Coke is economical—contains more heat to the ton, and requires less attention than coal. August prices are lower than they will be again this year. Phone us for complete information.

TWO DROWNED, THREE ESCAPE, IN PLANE CRASH

Tiltonville, Ohio, August 14.—(P)—Two persons, the pilot and a passenger, were drowned near here tonight in a sightseeing airplane plunged into the Ohio river. Three other occupants of the ship escaped, two by swimming to shore.

August Hauche, 35, of Scott field, Yorkville, Ohio, pilot, and George Griffin, 34, of Kirkwood, Ohio, were the two who met death.

Joseph Duncan, of Martins Ferry, Ohio, one of the passengers who escaped, said Hauche was "stunned" when one wing of the plane struck the water and broke off.

ANGERED DRIVER DEAD IN PLOTTED AUTO COLLISION

New York, August 14.—(P)—Frank M. Parr, a taxicab driver, died today of a broken neck when he rammed his car into another automobile in retaliation for a beating he had received earlier.

Parr had engaged in an argument with Christopher R. Murphy, came out the loser in an exchange of blows. Police intervened and sent Parr north in his car and Murphy south.

Parr turned about and chased Murphy several blocks, finally crashing the machine and sending it into an excavation. Parr collapsed at the feet of a patrolman who had pursued him. The sudden jolt broke his neck, police believe.

CALIFORNIA CO-OP OF FRUIT GROWERS CALLED SUCCESS

Williamstown, Mass., August 14.—(P)—The work of the California fruit growers, who organized the first successful cooperative marketing organization in the country, was explained today before a roundtable conference of the institute of politics conducted by Professor C. R. Fay, of Toronto.

George C. Perkins, of New York, wholesale nurseryman and former ranch owner in California, traced the progress of the fruit growers' organization from its inception in 1904. Their organization, the worth of which had been proven over a long span of years, he said, might serve as a model to other divisions of producers. In 1924 the fruit growers' body controlled 75 per cent of the output of California orchards.

**LAST SERVICES HELD
FOR RUSSELL JOHNSON**
Funeral services for Russell C. Johnson, a resident of Atlanta, and manager of the receiving and traffic department of Chamberlin-Johnson-DuBose company, who died Monday morning at the residence, 1941 West Peachtree street, were held Tuesday afternoon from the chapel of M. M. Patterson & Son company. Interment was in Crest Lawn cemetery.

Mortuary
HENRY LEE BRADLEY.

ASKS REVOLUTIONISTS TO FOLLOW CALLES

Mexico City, August 14.—(P)—Luis Leon, who has been reappointed minister of agriculture, today issued a statement calling upon the revolutionists to follow President Calles as their only leader.

"We must gather around Calles,"

1325-27 PEACHTREE, N. E.

FIREPROOF APARTMENTS
FIVE OR SIX-ROOM APARTMENT in one of the most high-class, fireproof apartment buildings in the city. A few features that make this building the best in the city: electric refrigerator, all-night elevator service, hardwood floors, large rooms, all outside exposure, steam heat, fireproof garages, excellent service and the best location obtainable. Strict reference required. Call for appointment.

ADAIR REALTY & LOAN COMPANY
WALNUT 6100 Real Estate WALNUT 8142

62 ACRES

ON Mt. Vernon Highway, west of Roswell Road. We have a tract with a seven-room house in good condition. Beautiful lake site, that could be developed at a minimum cost. Plenty of fruit trees, whole tract practically in timber. The elevation is one of the prettiest in North Fulton. This place can be bought for less than the value of the land, considering the improvements now on the property makes it the best buy in North Fulton. We would like to discuss this place with you.

Lend Me Your Ear--

In fact, make it both of them—'cause I got words of wisdom to speak with ye—rider of "Tissue Paper" tires, defer of death and many dangers to others. Get them wide open, for Cottongim, who knows much and does much, has help for the "flat tired" papa—relief of such nature as to raise him high in his own estimation and those whom he craves to stand well with.

Cottogim and Firestone Tires and Tubes are yours to command—the way is made easy for you, all troublesome embarrassments have been removed and you are free to choose from my immense stock and with a down payment that can be met by the lowly in means. Credit, that solves your problem. It is no secret, for have I not cried it from the house-tops of this city? Try me and see, and don't kid yourself—Cottogim produces the goods in plenty quick time.

Yours,
W. C. COTTONGIM.
